FAVOR SPECIAL COMMITTEE TO HEAR LAWSON GIVE NAMES

Many Killed And Wounded When French And Italian Cruisers Battle, Is Claimed

Berlin—(Via Sayville Wireless, Jan. 10.)—The British armored cruiser Shannon of 14,800 tons, was sunk last November by a mine explosion, according to a statement from the newspaper Basler Anzeiger circulated today by the official press bureau.

Berlin—(Via Sayville Wireless, Jan. 10.)—An Italian submarine destroyer was recently sunk off Corfu with an army staff on board, the official press bureau asserted today, quoting the Basler Anzeiger.

The press bureau said seven more cruiser and an Italian auxiliary cruiser on the night of December 22, had resulted in numerous dead and wounded.

The same newspaper was quoted by the official press bureau as authority for the story that an engagement between a French ar-

WHITTEMORE LAW UNCONSTITUTIONAL; COX IS READY TO ATTACK TAX CRISIS

Columbus, O., Jan. 10.—Governor Cox today attacked the crisis caused by the state supreme court's decision yesterday in declaring the Parret-Whittemore tax law unconstitutional and ineffectually knocking out the Warnes law, which the Parret-Whittemore act superseded.

The governor announced he will have a definite working plan for presentation to the legislature when it resumes sessions next Monday.

Meanwhile, the Republican minority leaders in the house said they would not sit by and accept any taxation plan Cox might offer, but would prepare and fight for a taxation measure of their own.

House Minority Leader Reighard said:

"We will have our own plan, but it will be a non-partisan plan. There is no desire on the part of the minority to make such a tremendous question as this a party wrangle."

The Republican minority in the house is large enough to block passage of the administration tax measure as an emergency act. Unless the bill is so passed, it will not be effective in time for the spring assessment, in April, because of the ninety day referendum limitation.

The Republican plan therefore is to force the majority to accept some Republican taxation ideas in return for Republican votes for the emergency clause.

Democrats have the needed two-thirds in the senate, hence Minority Leader Vollenweider said it is unlikely the Republicans there will attempt anything radical.

Commenting upon the decision Cox said:

"It doesn't require very much (Continued On Page Six)

Manslaughter Is Verdict In "Air Bubble" Murder Case

Elizabeth Radcliffe and Roy Hinterliter

Olney, Ill., Jan. 10.—The jury in the case of Roy Hinterliter, charged with the "air bubble" murder of Elizabeth Radcliffe, returned a verdict of guilty of manslaughter at 5:15 this morning, after twelve hours deliberation.

A motion for a new trial made by the defendants' attorneys immediately after the verdict was read, was overruled by the court.

A motion for a writ of stay was also overruled.

Judge Miller pronounced an indeterminate sentence for Hinterliter.

In special instruction to the jury the court told the jury that any one aiding or abetting in a criminal operation, is guilty of a crime. Hinterliter had confessed that he aided Elizabeth Radcliffe when she attempted to perform the fatal operation upon herself, in a futile attempt to hide the evidences of their unwise love.

Miss Radcliffe's death was caused by air bubbles, injected into veins reaching the heart. The discovery that a crime had been committed, came when the body was taken to a hospital by Hinterliter. Air bubbling from opened arteries aroused the suspicion of a physician at the postmortem.

On the fragile surface of the "air bubble" theory rested the entire case of the state. Hinterliter, enmeshed in a net of cir-

Lewis Not Man Seen Leaving Model's Room, Says Salesman

Cleveland, O., Jan. 10.—B. C. Brown, a traveling salesman, who was passing the Wilton apartments in Philadelphia at the time the murderer of Maxie Colbert, leaped from her apartment window, said positively today that Bernard W. Lewis was not the man he saw leaving the Wilton.

Brown had been shown the picture of Lewis and had been given a full description of Lewis by one of the latter's personal friends.

"That man I saw leaving the Wilton was not Lewis," said Brown. "He was probably 35 or 40 years old, had a full, rather stout face and would weigh about 150 pounds. I am sure it was not Lewis."

Brown said he saw the same man next day on a Philadelphia to Washington train, and heard him called by name.

8 Hour Law In Court's Hands

Washington, D. C., Jan. 10.—The Adamson railroad law is in the hands of the United States supreme court. The court is to decide whether this statute passed under sensational circumstances last fall to avert paralysis of the nation's commerce highways, is constitutional. When a decision can be expected is merely speculation, both government and railroad attorneys agreed this afternoon.

HEARINGS MAY CLOSE TOMORROW

Washington, D. BUFFALO BILL GIVES UP BATTLE FOR LIFE

Denver, Colo., Jan. 10.—William F. Cody (Buffalo Bill) is dead. The noted plainsman and scout breathed his last at 12:35 p. m. today and with his passing it seemed to the thousands of friends who had closely followed the fight for life, the last vestige of the old west, the "wild and woolly west" had passed with him.

The most romantic figure left over from the thrilling days of Indian fights and clashes with white renegades—a figure at once the ideal and despair of every red-blooded boy in America; remnant of an organization

BUFFALO BILL

that once roamed the plains of the fast vanishing wild west, disappeared with the death of Buffalo Bill.

Cody died at the home of his sister, Mrs. May Cody Decker, of this city, where for weeks he lay critically ill fighting the hardest battle of his life. Weeks ago friends despaired of his recovery from a complication of diseases, but Buffalo Bill refused to give up. He rallied to the extent that he could be moved to Glenwood Springs for his health, but a relapse occurred and he was brought back to Denver.

Uracemic poisoning, which set in yesterday, was the immediate cause of Colonel Cody's death, Dr. East stated.

NO ACTION ON CHARGES OF CONTEMPT

Washington, D. C., Jan. 10.—Creation of some form of special committee, before which Thomas W. Lawson can "name names", may be recommended by the majority members of the house leak committee. This was stated to be "possible" this afternoon after the committee had met in executive session. The committee took no definite steps however, at its noon meeting on either the Wood resolution or the pending motion to report Lawson to the house as in contempt.

Reports Give Contradictory Testimony
The first "contradictory testimony" of the note leak probe came today when Archie Jaimison, state department reporter for the Central News, in describing how Lansing gave the newspaper men the confidential tip on the note said:

"Secretary Lansing had said he was giving us the information because he did not want it to come back in garbled form from abroad and injuriously affect the market."

Representative Lenroot then read "Secretary Lansing's testimony" to the effect "that he had not had the market in mind" when he gave the tip to the newspaper men upon the reporters' bolting demands.

An Apology
R. W. Bolling, brother-in-law of President Wilson, first witness before the house note leak investigating committee today demanded an apology from Representative Wood for bringing his name into the leak probe.

"My name has been mentioned in connection with the leak; I have nothing to say except that whoever is responsible—I believe it is Representative Wood—can send me an apology at the same time that he sends one to Secretary Taft," said Bolling, testifying in the probe hearing.

"I know nothing about the leak, and had no information about the note in advance."

NEW MOVE IN BALKANS BY ALLIES SEEN IN ACTIONS

(The following review of the day's events in the European war is compiled by experts in the United Press office in New York from dispatches and information received through various reliable sources at their command.)

New York, Jan. 10.—Indication that the allies are contemplating some new move in the Balkans—possibly reinforcement of General Sarrail's Macedonian army—comes in several moves in the war game today.

Service of an ultimatum on Greece—the conditions of which ultimatum are apparently about to be met by Greece—was apparently decided upon by the home conference as the first step in making secure the allies' position out of Salonika.

Undertaking of a powerful offensive in the Balkans, would, it is pointed out, come as a timely and effective move just now, in view of widespread reports of un-

Important Statement To Be Made By German Chancellor

London, Jan. 10.—"An important statement" will be made by Imperial Chancellor Von Bethmann-Hollweg about January 15, special dispatches asserted today. The chancellor, it was asserted, will undertake to analyze the various peace moves which have al-

ready been made and will make an announcement. Arrangements for the Reichstag meeting at which this statement is to be made are being held in abeyance, it was said, until Germany learns the form of the allies' answer to President Wilson's peace suggestions. The Berlin dispatch asserted

that the further peace move which was planned by the chancellor would be addressed specifically to the neutral powers which supported President Wilson's note. In view of these Berlin reports, it was pointed out here today that Germany has called a meeting of premiers of the Central Powers on January 15 and a conference of the president of parliaments of all her allies on the day following.

London, Jan. 10.—The allies' answer to President Wilson will be handed to Ambassador Sharp at Paris possibly today. It will not be made public for several days, an agreement for simultaneous publication in America and

Said the pessimist: "Every woman has her price," and that much is true. Those who know life best, agree that a woman's price is, in most cases, beyond reach.

Divided in every woman's soul, crystallized by the memory of a good mother, is the foundation of all that is good in men, and upon this foundation immortal heroes like Washington, Lee, Lincoln, Grant and our beloved McKinley, built the headstone of the greatest nation in the world. And it was the mothers of such men who set an everlasting standard that has been the goal towards which motherhood has since aimed.

George Broadhurst, the great playwright, knew this when he wrote "Bought and Paid For," the most successful drama ever produced.

RHEUMATISM usually yields to the purer blood and greater strength which

Mary Pickford's New Role in "Less Than the Dust"

Seven Reel Picture By Her Own Company, Columbia

Next Tuesday and Wednesday

Everybody wants to see Mary Pickford and there is always an increased eagerness when she appears in a new role. Added interest is given to her forthcoming creation is that it will be the central figure in a play produced by her own company, the Mary Pickford Film Corporation. The new photo play, "Less Than the Dust" was written by Hector Purnhall and under the direction of John Emerson it has been given the most elaborate presentation Miss Pickford has ever appeared in. The author has taken his subject from the poem of Lawrence Hope of the same title as the play. The scenes are laid in India and England are of great beauty, the atmosphere, color and pic-

turesqueness of the former locale being reproduced with wondrous effect. Mary Pickford will be seen as a little castaway who having been deserted by her father, a former British army officer, is adopted by a Hindoo sword maker, and reared among the natives. The role gives her full play for her girlish charm, humor, and personality. Rescuing a dashing officer when he is wounded in a conflict between British troops and natives, she wins his love. Later when it developed that the girl is of English birth they are married. Scenically the picture will be of unusual beauty and effectiveness. A street scene in an India city with its cosmopolitan ways, and vari-colored bazaars is realistically represented. Another shows the great temple and pool of the sacred waters while there is a view at night of the barmacks and the calling out of the troops. Nearly 300 people are used in the scenes, among them being a hundred native Hindoos. The east is one of distinction. Exhibitors everywhere will show the picture throughout the distribution of the Arterial Pictures Corporation.

Did you ever find better programs than are being offered at the Strand at such prices as five and ten cents. Another seven reel show is on the schedule for tonight. The main feature is "Naked Hearts", a five part Bluebird feature drama, in which Rupert Julian is the star. It is a screen version of Tennyson's "Maud". You have read and wondered at the mystifying ideas of this immortal bard, but there is added interest in the photoplay staged in the south before and after the war. "The Powder Trail" is the title of a two-part Big-U drama, featuring Francis Ford and Grace Cunard.

THEATRICAL
Sun Theatre
"Life's Shop Window," presented by Kitty Kirk and her company last night at the Sun Theatre, proved to be one of the strongest and best plays the company has been seen in. The play teaches a great lesson, inasmuch as the story reveals incidents and situations that occur in our everyday life, a discontented wife and a neglected husband. The play was beautifully staged. Every member of the company was perfect. "Life's Shop Window" will be repeated again tonight, and judging from the advance sale of tickets a capacity audience will be in attendance. For Thursday, Friday, Saturday and Sunday matinee, "Hearts of the Blue Ridge" is undeniably the play in four acts, lots of comedy and great story of heart interest.

Miss Kirk, Mr. Winterhoff, Mr. Castilla, Mr. Sullivan and the entire company will be seen in characterizations that you have never seen them portray before.

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save Your Hair! Double Its Beauty in Just a Few Moments

25 Cent "Danderine" Makes Hair Thick, Glossy, Wavy and Beautiful

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The color is amazing—your hair will be finer, flatter and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance.

Get a 25-cent bottle of Known as Danderine from any drug store or hair dresser, and prove to yourself that your hair is as pretty and in. At The Strand
Did you ever find better programs than are being offered at the Strand at such prices as five and ten cents. Another seven reel show is on the schedule for tonight. The main feature is "Naked Hearts", a five part Bluebird feature drama, in which Rupert Julian is the star. It is a screen version of Tennyson's "Maud". You have read and wondered at the mystifying ideas of this immortal bard, but there is added interest in the photoplay staged in the south before and after the war. "The Powder Trail" is the title of a two-part Big-U drama, featuring Francis Ford and Grace Cunard.

THEATRICAL
Sun Theatre
"Life's Shop Window," presented by Kitty Kirk and her company last night at the Sun Theatre, proved to be one of the strongest and best plays the company has been seen in. The play teaches a great lesson, inasmuch as the story reveals incidents and situations that occur in our everyday life, a discontented wife and a neglected husband. The play was beautifully staged. Every member of the company was perfect. "Life's Shop Window" will be repeated again tonight, and judging from the advance sale of tickets a capacity audience will be in attendance. For Thursday, Friday, Saturday and Sunday matinee, "Hearts of the Blue Ridge" is undeniably the play in four acts, lots of comedy and great story of heart interest.

Miss Kirk, Mr. Winterhoff, Mr. Castilla, Mr. Sullivan and the entire company will be seen in characterizations that you have never seen them portray before.

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save Your Hair! Double Its Beauty in Just a Few Moments

25 Cent "Danderine" Makes Hair Thick, Glossy, Wavy and Beautiful

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The color is amazing—your hair will be finer, flatter and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance.

Buy Goodyear's and You Buy Satisfaction

The aim of the Goodyear factories and the desire of the average tire-buyer meet perfectly in Goodyear Tires.

Both seek the same goal—maximum mileage at minimum cost.

The Goodyear factories work toward this end by putting into their product the best of materials, under the best of methods and the best of manufacturing conditions.

The tire-buyer does his part by paying a price that will allow such selection and construction.

That this price should not appreciably exceed ordinary tire prices is, of course, largely due to Goodyear manufacturing economies—to compact and intensive organization, to expert and effective effort, to the elimination of wastage wherever possible.

But it is also greatly due to the part the average tire-buyer has had in the development of this institution—to his consistent and increasing patronage, which has built up our present tremendous volume.

For great volume is the parent of manufacturing economy.

So both parties who seek high virtue in a motor car tire, maker and buyer, have helped to put it in the Goodyear Tire.

And a third party, until now unmentioned here, has helped as well.

The Goodyear Service Station Dealer.

You will find him in the obscure villages, in the larger towns, in the tremendous cities of America, always within easy reach.

His interest is the same as ours—that you shall have maximum mileage and satisfaction from Goodyear Tires.

His purpose is identical with ours—to hold your business by getting your friendship, by giving you service.

He does it, first, by selling you Goodyear Tires, and second, by helping you care for them.

He is an essential in the Goodyear "greater mileage triangle" of maker, user, dealer.

Go to him the next time you want a tire. He is foregoing extra discounts that he may sell you better tires. He is a good man for you to know and to deal with.

Goodyear Tires, Heavy Tourist Tubes and "Tire Saver" Accessories are easy to get from Goodyear Service Station Dealers everywhere.

New Boston Council

At an adjourned meeting of New Boston council Tuesday evening six resolutions were adopted and six ordinances passed fixing the assessment rates on six streets paved last year. The taxpayers have been asking for the rates so they can make their payments. It will be thirty days before the ordinances go into effect and an additional thirty days before the assessments are placed on the tax duplicate for collection. The taxpayers are given 30 days from the time the ordinance goes into effect to pay cash. After the assessments are placed on the tax duplicate for collection they draw five per cent interest.

"A DASH OF COURAGE"

PREPARE TO FIGHT GAS SHORTAGE

Columbus, O., Jan. 10.—State Utilities Commissioners warned of an approaching cold wave, took hurried action today to prevent suffering from possible gas shortage.

The commission made known it has sent out a letter to all big gas companies in the state, asking lists of all consumers using more than 100,000 cubic feet of gas per month.

This list could be used in making up orders to the companies to cut off large users.

WireNews

Philadelphia, Pa., Jan. 10.—The brutal murder of Mazie Colbert, pretty stunner and corset model, will be re-enacted in the very apartment in which her battered body was found twelve days ago, it was announced today.

John Colbert, brother of the slain girl, requested that the murder scene be reproduced. "I want to show," Colbert explained, "that the slightest sound in my sister's apartment could have been heard by both the janitor and Marie Collins."

The "performance" will be staged upon the theory that a man, coming from a taxi cab entered the apartment. Then, the last night the "girl with form divine" is known to have lived, will be gone over. Furniture and glassware will be hauled about, duplicating as nearly as possible the noise of the model's struggle for life.

Chicago, Jan. 10.—More sensational developments were promised by State's Attorney Hayne today, in the greatest police graft scandal in the history of Chicago. Hayne issued a statement saying that he had confessions from Tom Costello, "fixer" and go-between, and from Police Lieutenant White. These confessions, Hayne stated, lead directly to Chief Healey. Hayne intimated that they would eventually lead still higher, but refused details.

Costello, a police "fixer" for years, is said to have agreed to tell the whole story of those years. White, assigned to the Lake street station, is said to have related all of his connections with vice and gambling through Costello and his partner, "Mike De Pike" Heitler and W. R. (Billy) Skidmore.

Hayne, in his formal statement, charged that Costello made weekly visits to Chief Healey at his home and paid over graft money collected from gamblers, resort keepers and other protected raiders of the public.

In spite of the fact that Healey is free on \$25,000 bonds, he still retained his office today. Mayor Thompson stated that his successor would be named Thursday.

Hayne charged that vice has been allowed to run through Chicago unchecked, so long as the keepers were

"right" with the police ring. One man, Hayne said, had made \$70,000 in one year, about half of which he was allowed to keep.

New York, Jan. 10.—Large numbers of Ohioans, who attended the concert given last night by the Cincinnati Symphony Orchestra, expressed pleasure today over the reception given the organization. Although this orchestra was organized 22 years ago, this was its first appearance here.

Critics differed over the event, but many agreed that whereas the work showed constraint during the first half of the performance, the attack left little to be desired during the closing moments.

Denver, Colo., Jan. 10.—Local prohibition leaders, jubilant over the United States supreme court's decision on the Webb-Kenyon act, now plan to make Colorado a "bone dry" state within six months. A sweeping amendment to the prohibition statute barring all importations will be introduced in the state legislature. Under the present prohibition law, unlimited amounts of liquor may be imported into the state "for personal use."

Rome, Jan. 10.—"The allied council just concluded must be considered one of the most important of the war; it has definitely soldered the links between the allies of their brotherly sympathy and stern resolution to achieve a final victory which will assure lasting peace and right and justice."

So declared War Commissioner Bissolati-Bergamaschi, member without portfolio in Italy's cabinet, today.

New York, Jan. 10.—Former United States Senator Theodore E. Burton, of Ohio, has been elected president of the Merchants' National Bank, of this city, it was announced last night after the annual meeting of the board of directors.

John Semmelbeck, who has been very ill at his home on Ninth street, is considerably improved.

Three Times Burglar Came Back; Balked

Awakened at 2 o'clock this morning by a man knocking on the door of her kitchen, Mrs. S. W. Miles of 1305 Third street stepped to the door and asked who was there. She received no reply.

A short time later another loud rap was heard on the door. Mrs. Miles then awakened her husband "Mack" Miles and arriving on the scene he promptly fired a bullet through a kitchen window and the would-be burglar took to his heels. But he was a persistent thief so he returned at 2:30 and again knocked on the door.

Mrs. J. M. Vickers of Graubville, Ill., and a sister-in-law of Mrs. Miles, who was leaving on the early N. & W. train this morning heard the knock and opened the door. As she did so the thief leaped over a fence and ran out Union street.

Mr. Miles believes the thief got a tip that he had more than \$1,000 in his home last night and he had planned to burglarize his home. Mr. Miles had the money under his pillow last night.

Was A Good Old Year

Here are some of the things 1916 did:

Increased foreign trade of the United States to amazing sum of \$7,847,000,000, a gain of \$2,500,000,000 over 1915.

Exports \$5,182,000,000, as large as entire foreign trade in 1915.

With old King Cotton at 20 cents a pound, the south is as prosperous as in ante-bellum days.

It brought the greatest demand for copper ever known. Result, a runaway market. Record production and price.

Increase output of pig iron by 34 per cent over 1915 and advanced prices from \$18.50 to \$30 a ton.

Sent the gross business of the railroads above \$3,757,000,000, an increase of half a billion over 1915, while net income for the first time in railway history crossed the billion dollar mark.

Sent wages up 10 per cent on the average and put them at the highest level in the world's history.

Gave Uncle Sam a gold stock nearly double that of his nearest competitor, France. One billion dollars has been added to the gold brick stock of the country since the outbreak of the war.

Increased circulation of money from \$37.19 per capita to \$41.18.

SUN THEATRE**REVIVALS**

First Presbyterian Church
The First Presbyterian revival continues to grow in interest and numbers. Last night's service was preceded by a prayer service under the auspices of the Christian Endeavor at 7:15. The meeting was led by Mr. Harry Lodwick.

Promptly at 7:30 Prof. Weedon had the choir singing, and we must pass the honors to the children's section, who outshined all the rest. Mr. Weedon not only sings himself but he has the happy faculty of making others sing also. Rev. Bush chose as his subject, "Prayer," basing his remarks on the 14th chapter of John. It was a practical and deeply spiritual message. At the close of the service there were many requests for prayer, after which the Male Quartet of the church sang an appropriate selection, followed with the benediction by Rev. Bush.

The theme for tonight will be personal work, the pastor using as his subject: "Taken Alive." It will be a message which every Christian worker in Portsmouth should hear. It deals with the importance of personal work in soul winning, and some helpful methods for those who wish to be better equipped for this important phase of Christian service. Come early and get a good seat. The song service starts promptly at 7:30 o'clock.

MANLY CHURCH

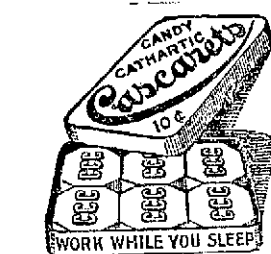

The attendance increases and the interest deepens from night to night. The best service of the series thus far was held last night. The church was filled early and from the first note of Gospel song to the last word of the benediction was not a dull moment. Prof. Weaver sang a solo, "Blessed is the God Still Living."

DON'T BE BILIOUS HEADACHY, SICK OR CONSTIPATED

Enjoy Life! Live Your Liver and Bowels Tonight and Feel Great

Wake Up With Head Clear, Stomach Sweet, Breath Right, Cold Gone

Take one or two Cascarets tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand, your head will be clear, your tongue clean, breath sweet, stomach regulated and your liver and thirty feet of bowels active. Get a box at any drug store now and get straightened up by morning. Stop the headache, biliousness, bad colds and bad days. Feel fit and ready for work or play. Cascarets do not gripe, sicken or inconvenience you the next day like salts, pills or cathartics. They're fine!

Mothers should give a whole Cascaret any time to cress, sick, bilious or feverish children because it will not thoroughly and can not injure.

believing soul with the assuring word, "Unto us are given great and precious promises that we might be partakers of the Divine nature."

Among those who came to the altar during the after service was Mr. E. M. Spates, of Columbus, but who at present is employed with the Y. M. C. A. at the Terminal. He has had a hard time with honest doubts and, by his own confession, was an unbeliever. He heroically accepted the challenge of the Word, came out alone before the great audience, knelt at the altar to prove the truth of the message and in a little while came up radiantly happy in the joy of a new-found experience. This was the signal for a great time of praise and fellowship.

The sermon of this evening will be a further development of the theme of last night. The song service begins at 7:15, the sermon at about 7:45.

**How you can get rid of eczema with Resinol**

Resinol Ointment, with Resinol Soap, usually stops itching instantly. It quickly and easily heals the most distressing cases of eczema, rash or similar tormenting skin or scalp eruptions, not due to serious internal disorders. Sold by all druggists.

MINISTER WHO SAYS HE WAS PUT OUT OF CHURCH PEW STARTS A MOVEMENT TO ABOLISH SEAT RENT

The following in the New York World is of special interest here, as the pastor of the church, who evidently was assisting in the effort to "wake-up" some of the members of his church, was born and reared here, and is a brother of Miss Clara Waller.

"The membership of St. George's Episcopal Church, Flushing, includes some of the wealthiest and most prominent persons, professionally and socially, in the state. Many of them were present yesterday morning when the Rev. Morgan L. Griffith, assistant pastor, took the pulpit. The pastor, the Rev. H. D. Waller, occupied a chair nearby.

"Last Lent," Mr. Griffith began, "I was passing Grace church, and, on seeing a sign, 'Welcome,' I went in and took a seat in an empty pew. I was not nearly through with my prayers when the sexton stepped up to me and said:

"You'll have to get out of this pew. It belongs to Mr. Blank." "So I had to get out. Now that is outrageous. We should let the people sit where they please, for churches are the houses of God, built and maintained in His service and for enjoining on the work He has consecrated."

"Pew rents should be abolished in this church. God does not distinguish between the poor and the rich, and we should not. The attendance in this church—and in other churches—would increase 300 percent if we did not place on the occupancy of a pew a premium which the poor man—fully as devout as the rich man—feels that he cannot pay. A charge for these seats looks the doors to the man or woman who cannot afford to buy the right to worship."

"The pew rent system is un-American, un-Christian, undemocratic and lacking in everything

else that is fine and noble. "And that prompts me to tell you that the people of this church lack the spirit of fellowship; you are too fussy and formal."

"Why, I know of a prominent woman who was driven from this place because of the chilly indifference with which she was met. And this is not an isolated case. I have been introduced four times to a member of this church and he has shown each time an indifference which cannot be dissimilar to that the woman complained of. If the next time I meet this man an introduction is necessary before we speak I shall announce his name to the entire congregation. This church has money and leadership, but like the bones of Ezekiel it lacks life."

"About one-tenth of the population of Flushing claim membership in St. George's. Where are they today? This church is half full. If all who say they are members tried to attend at once this building couldn't hold one-half of them. Why is the house of God forsaken? People seem willing enough to belong to the church, but they leave most of the service to the pastor and the choir."

"We have got to do three things—abolish money qualifications for admissions to the parochial family, do away with the pew rent system, open the doors and allow the people to sit where they choose."

"Mr. Waller was asked last night if he approved the words of his assistant."

"I allow him freedom to express his own opinions," the rector replied.

"Among the church warden are: Samuel Salvage, silk importer; Murray B. Franklin, architect; E. M. Franklin of the Trinity Corporation; Gordon Gordon, lawyer; and Lewis H. Ballard, retired leather merchant."

SCIOTOVILLE AND WHEELERSBURG**SCIOTOVILLE**

The revival meeting at the Christian church will continue during the week. The house was filled last night and Rev. A. C. Shaw, of New Boston, delivered a splendid sermon. Miss Whitte's chorus will sing each evening. Don't miss these services. Rev. H. J. Dudley will preach tonight. All are welcome. Come and help make these meetings a success.

Mrs. T. Q. Shump, of East Main street, received an interesting letter from her brother, Ira C. Farney, who is now located at Long Beach, Cal.

On Sunday, Dec. 24, Mr. Farney, with his family, started in an auto from El Paso, Texas, and arrived at Long Beach New Year's Day. The trip was most interesting and delightful, and the weather at Long Beach is just like summer, with all the flowers in bloom. Mr. Farney will return to El Paso in the spring.

WEAK, AILING CHILD

Made Strong By Delicious Vinol
Lakeport, N. H.—"Our little girl 8 years of age was in a debilitated, run-down condition and had a stubborn cough so she was weak and ailing all the time. Nothing helped her until we tried Vinol. Then her appetite increased and she is strong and well, and I wish other parents of weak, delicate children would try Vinol."—Geo. A. Collins.

This is because Vinol contains the beef and cod liver peptones, iron and manganese peptones, and glycerophosphates which a weak and run-down system needs. Frank Amann, Druggist, The Fisher & Street Pharmacy, Portsmouth, also at the leading drug store in all Ohio towns.

Section One of the Ladies' Union of the Christian church will meet at the home of Mrs. Guilford Williams, of Walnut street, Thursday afternoon, at one o'clock. All members are requested to be present. Visitors welcome.

Those present were Mesdames Clara Flehr, Frank McCurdy, Dora, Ben Cranston, M. F. Mackey, Orin Hall, George Bell and C. W. Reinckel, Misses Betty Praither and Joffie and Pearl Cadot.

Hershel Courtright, of Pittsburgh, Pa., is visiting his grandparents, Mr. and Mrs. G. W. Courtright.

WIFE MADE COMPLAINT

Upon the complaint of his wife, a man registering as Henry McGlothlin, 1117 Front street, was arrested by Officers Smith and Leslie Wednesday morning. Mrs. McGlothlin told the police that her husband had been abusing her.

The officers took their prisoner to the city jail and locked him up. A charge of disorderly conduct was filed against him.

STEEL RAILS ON WAY

Receiving word Tuesday that rails for the new line of the Chesapeake and Ohio Northern were on their way from American steel mills lying between Sciotoville and Waverly will be procured with renewed vigor as soon as the steel begins to come in.

The delay was due to the fact that a Canadian steel firm, which had received the rail contract from the C. & O. N., had been unable to fill it, owing to the fact that the Canadian government had taken over their complete output and that of almost every other steel company in Canada.

Upon his return from Columbus Wednesday Attorney Henry T. Bannon of the C. & O. N., stated that it was his opinion that the new line would be ready for operation by July 1. President M. J. Caples is of the opinion that the line will be completed by April 1.

With the arrival of the steel rails the working force will be doubled in an effort to have the last rail laid between Sciotoville and Waverly by April 1.

CARD OF THANKS

Mrs. George Reinhardt wishes to thank the many relatives, friends and neighbors for their help, kindness, sympathy and the many beautiful floral offerings during the illness and death of her husband, George Reinhardt. 10-11

Clarence Nolder Given A Merited Promotion

At a meeting of the First National Bank directors Wednesday morning, Clarence E. Nolder, one of the institution's most faithful and most competent employees and who for some time has held the position of teller, was unanimously elected to the position of assistant cashier, a position he has attained through faithfulness and loyalty, and one he is most admirably fitted to fill.

Mr. Nolder has been associated with the First National since 1905 and, during every one of the twelve years he has given the institution his very best services. He is deservedly popular with all people, and one of Portsmouth's best young men.

From the time he joined the First National Bank's forces, he has fitted in the positions he filled. Little by little he had been advanced, and every step taken forward he has earned through meritorious service. The days have never been too long for him, for efficient service to his employers

has ever been his motto, and he has never shirked a duty for pleasure.

The bank directors are to be congratulated upon surrounding themselves with such competent help, and especially are they to be congratulated upon their selection of Mr. Nolder as the assistant cashier, a position he will fill with as much credit as he did when he was messenger boy twelve years ago. Mr. Nolder's rise in the official life of the bank only goes to show what any young man can do who puts loyalty and faithfulness as two of his marks as he blazes the way toward success.

Mr. Nolder's promotion will of course mean an advanced step for the other employees. The officers of the bank, as elected by the directors, Wednesday morning are as follows:

President, Samuel Labold; Vice President, Samuel Reed; Vice President, A. M. Damarin; Cashier, Dan W. Conroy; Assistant Cashier, Clarence E. Nolder.

EXHIBITION AT SMOKE HOUSE TONIGHT

Ernest Baker, said to be America's best one hand pocket billiard player will give an exhibition of his skill at the Smoke House tonight at 3 o'clock.

GUN, DISHES AND FOOD FOUND

Mystery surrounds the finding of a loaded revolver, a basket of dishes and a basket of breakfast foods in the cellar of the two story frame dwelling at 918 Waverly street Tuesday afternoon by Ted Brammer and Walter Brisker, young lads of the neighborhood.

The police were notified and an officer was sent to the house to investigate. The officer took charge of the gun which was loaded. The police expect to locate the owner of the things today. The house has not been occupied for sometime and the boys were playing in it when they made their discovery.

Open Viaduct Monday

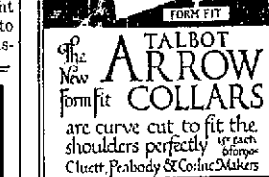

C. F. Losh, N. & W. civil engineer in charge of the Lawson Run viaduct job, announced Wednesday that the viaduct is completed and would be thrown open to traffic next Monday. The last work was done Tuesday by the General Service Company who put up the lights on the concrete structure. There are two cluster lights of five lights at each end of the viaduct and three single lights on each. The paving work has been completed for sometime but has been allowed to settle before thrown open to traffic.

Says Miss Purves Is Doing Splendid Work

The following letter has been sent to the county commissioners, sent to the county commissioners, League, in whom the supervision of the nurse is invested. The salary of the nurse has been paid by the county commissioners for several years, but not once has your board, or the boards which preceded you, requested a report of the nurse's work. If you had, it would have been gladly given; she could have given a monthly

report to you the same as has always been given us. All that your board required, the O. K. of the nurse's voucher by the league's secretary, has been complied with each month. The trustees have always carefully supervised the nurse's work, and can testify that the present nurse is a hard conscientious worker, has more than earned her salary each month, and that her services have been of inestimable value to this community.

THE MARKETS

NEW YORK STOCKS

FINANCIAL REVIEW

New York, Jan. 10.—The New York Evening Sun financial review today says:

The same conditions which have prevailed thus far this week with respect to the outlook for prices were in evidence in today's stock market which was in the main a listless, professional affair and of the merest nominal interest. Price changes were unimportant and did not indicate anything like a definite trend up to midday, although there was something of an active upward movement in the copper group in the second part of the forenoon session which proved of brief duration, however.

In the afternoon a movement set in which carried prices 1 to 2 points lower. United States Steel made a fruitless effort to cross the Tuesday level at 11 1/2, but the best it could do was to indicate that price without being able to hold to it.

Lesser fluctuations in the industrial list ranged from 1 to 2 points.

Toward the closing there were recoveries of a fraction to a point in several issues, steel rallying above 11.

New York, Jan. 10.—The stock market opened with irregular and narrow changes today. Issues which advanced in the upward movement at the close yesterday retained their gains.

United States Steel, in which interest centered because of unofficial estimates on its unfilled orders report, opened at 11 1/2 and 3/4, having closed yesterday at the latter figure. New Haven again was weak, selling down 3/4 to 47.

Jelliffe Steel broke ten points on its first sale, when 100 shares were sold at 35.

Anglo-French loan sold off 3/4 to 92 1/2 and other foreign bonds were lower.

General Motors new stock again broke sharply, selling down 1 1/4 to 109 1/2.

The general list was inactive, barring a sport of strength in coppers, during the morning.

The market closed weak.

The market was heavy during the greater part of the afternoon.

It's Easy Money Selling Park Place Lots

They Are Going Like The Proverbial Hot Cakes.

More than 60 of our allotment have now been sold.

A few more days and this great sale will become a matter of history, and it will stand without parallel or precedent.

There's a reason: We are selling the best lots in Scioto county at the price. You may get \$300 lots; \$400 lots; \$500 lots; \$600 lots or an \$1800 BABY FARM for the trivial sum of \$165.00 each. Can you match this proposition?

Our values are based upon the actual selling prices of many less desirable lots in the magnificent subdivisions nearby. Inspect the properties and compare the values; act on your own judgment. CALL US AT ONCE AND WE WILL GLADLY TAKE YOU OUT AND SHOW YOU PARK PLACE. Don't delay. Procrastination is now stealing from you another opportunity to own a choice homesite, or perhaps the BABY FARM, at a matchless price and on easy terms; it will soon have taken from you for ever another golden chance to make a small investment from which you may honestly realize quick handsome profits.

ATTEND TO THIS MATTER NOW; Tomorrow may be too late.

trials in an effort to prove him insane, was recalled. Evelyn Nesbit told of his throwing scalding water upon a bell boy in a hotel. Another witness told of his beating girls with a jeweled whip.

Evelyn Nesbit, now Mrs. Jack Clifford, had not been told of the new indictment against Thaw today. It was learned that she underwent a serious operation yesterday. Physicians advised against informing her of the warrant for Thaw's arrest.

"Confirms My Judgment," Says Attorney Jerome

William Travers Jerome, long known as Thaw's "nemesis," refused to comment on the charge brought against Thaw other than to remark that it "confirmed his judgment" of White's slayer being insane.

"Extraordinary," exclaimed Jerome, when told of the indictment. "It simply confirms my judgment, but I must decline to make any statement."

Says Youth Lured Away By Thaw

Frank P. Walsh, former head of the government industrial relations commission, who placed the charges against Thaw before District Attorney Swann here, was in Philadelphia today with the Gump boy. Walsh told Swann young Gump was lured east from Long Beach, California, by Thaw on promise of a job or a chance for an education in the Carnegie Institute of Technology of Pittsburgh.

Thaw had met the boy in California, Walsh said. He wrote him letters after returning east, always attempting to persuade him to come to New York or Pittsburgh. He finally sent him \$50 and Gump's parents decided to permit the boy to take advantage of Thaw's offer to enroll Gump at Carnegie Tech.

Thaw then wired Gump to meet him in New York. At the New York hotel Thaw had reserved a big suite on the eighteenth floor, Walsh's statement said. "He had even rented two adjoining rooms, which I think he did to prevent strangers from hearing the cries which came later from his apartment."

"It was Gump's first trip alone and the splendor of his bedroom somewhat bewildered him. It was some time before he retired."

"Soon Gump heard the door open. Almost instantly the lights were switched off, and the boy saw Thaw, armed with a short, stocky whip, reach for him."

Gump tried all the windows, even intending to jump out of the latter, but found them locked. Thaw, the statement declares, chased him about the room, waving him with the whip until he fell unconscious.

"When he had beaten the boy," the statement declared, "until his back and legs were covered with blood, Thaw quit the room as suddenly as he had entered."

On the next day a guard took Gump out for a walk. That evening, however, the boy escaped and returned to his home.

When Every Move Hurts

Lame every morning, aching and stiff all day, worse when it's damp or chilly? Suspect your kidneys and try the remedy your neighbors use.

J. H. Farmer, retired hardware merchant, 2627 Gallia street, Portsmouth, says: "Heavy lifting brought on kidney trouble. When I bent over to lift a keg of nails, severe pains caught me in the small of my back and I could hardly move. My kidneys acted irregularly and the kidney secretions contained sediment. Doan's Kidney Pills, procured at Flood & Blake's Pharmacy, made a lasting cure."

WAR

rest in Austro-Hungary. It might also relieve some of the menace of the German thrust toward Russia from Rumania now.

Berlin—(Via Sayville Wireless, Jan. 10.)—German forces have gained a footing on the left bank of the Putna river in Rumania, and have forced the enemy to give up positions behind that river and retreat behind the Sereth line, the official statement announced today.

Five hundred and fifty prisoners were taken in engagements in this sector.

Capture by German forces of six officers and nine hundred soldiers of other ranks during the last two days fighting in the valleys northwest of Poesani (Rumania) was announced.

"North of Enochani we succeeded in gaining a footing on the left bank of the Putna," the statement said. "Between Poesani and Fundeni we forced the defeated enemy to give up positions behind the Putna and to retreat behind the Sereth line. Five hundred and fifty persons were brought in."

"On the Rimnicul-Sarat mouth we maintained our progress and conquered by attack against several hostile thrusts."

Regarding the fighting to the west of Poesani and near the mountains, the statement said:

"The Russians and Rumanians tried in vain to recapture high positions on both sides of Susita valley taken from them by counter-attacks launched with strong forces. They failed with most sanguinary losses. The enemy was further pushed back north and south of Casinu valley."

Strong Russian attacks and numerous advances by smaller detachments between the coast and Naroez lake (Riga front) proved unsuccessful yesterday, the statement asserted.

Repulse of night attacks on the Struma was announced from the Macedonian front.

A rainstorm slowed up fighting activity on the western front, except on the Ancre, where there were lively artillery duels.

Suffragists

(Continued From Page One)

The suffragists were so surprised they did not recognize the White House car until after the president had passed.

He smiled as his car rushed between the sentries.

Notified of the action by the women the police department sent police to the scene to guard against law violations. It was stated action might be taken compelling the women to take out a permit on the ground that no banners containing advertising can be displayed in the district without such a permit.

The suffragettes have orders to keep silent and stand with their backs to the fence, so that all passersby can see the yellow banner on which is inscribed in black:

"Mr. President, what will you do for woman suffrage?"

An idea of the earnestness with which the Congressional Union for Woman Suffrage intends to go into its picketing of the White House came this afternoon when it was announced the silent sentinels would be gradually increased until three thousand will be surrounding the executive mansion grounds by inauguration day, March 5th.

Buffalo Bill

(Continued From Page One)

Cody was born in Scott county, Iowa, Feb. 26, 1816, but was taken West by his father a few years later, and until early manhood lived a few miles west of the present site of Leavenworth, Kan.

He was the early death of his father to earn his own living. He joined the Seventh Kansas Cavalry as an Indian scout. After being mustered out, he was employed by Shawnee, Miller & Co., contractors of the Kansas Pacific Railroad, as a hunter to supply the laborers with meat. It was during this time that he earned the sobriquet of "Buffalo Bill" because of the number of buffaloes he killed.

In 1876 he again enlisted in the army as chief of scouts for the department of the Missouri and the Platte, and again to establish his reputation as a daring Indian fighter. His most famous exploit was a duel with Yellow Hand, a Cheyenne chief, in 1877. The duel was fought on horseback in the sight of the opposing armies of Americans and Indians, and when Cody killed his opponent the Indians fled in flight.

About this time Cody was "dis-

covered" by New Buntline, who published an article in Harper's Weekly concerning the plainsman's deeds of daring and then persuaded him to organize his Wild West show. Cody gave his first exhibition in Omaha in 1883, and then toured the United States and later Europe. The success of this venture netted him a large fortune, which he invested in western irrigation lands.

Greek Council

Is Ready To

Accept Note

Athens, Jan. 10.—The crown council of Greece favors acceptance of the allies' demands as outlined in the note just received, according to an apparently reliable report circulated today.

Prompt answer of Greece to the original allied demands was required by the Greek government yesterday by ministers of the Rente powers. This insisted upon a reply within 48 hours. It followed an "evasive" note addressed to the allies by King Constantine two days previously, in which he pointed out the difficulties in the way of compliance with the demands.

The "ultimatum" required

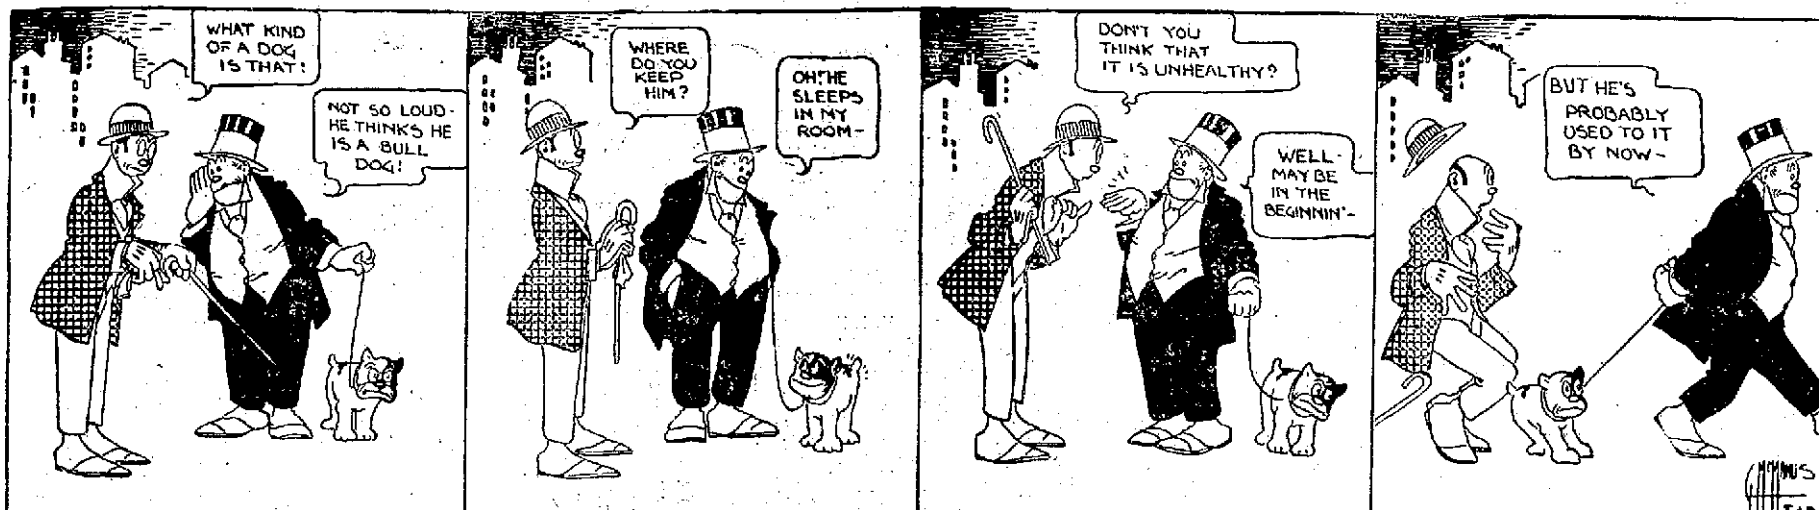

immediate acceptance of the demands served on Greece December 31. These were for reduction of all Greek military forces in all parts of the kingdom, except Peloponnesus to the maximum required maintenance of public order; prohibition of reservists meetings in all parts of Greece north of Corinth; the release of all Venizelist prisoners; formal apology to the Entente for attacks on its troops, embassies and flags and a change in the command of the First Greek army. The December 31 note also reiterated the previous demand for transfer of all Greek troops from Thessaly to Peloponnesus.

Smiles Had No Place In Police Court Today

"Inevitableness" Seemed to be the Feeling That Animated Those Who Were Before Mayor.

(BY LOUISE GRISWOLD)
Smiles must be barred from police court. At least an observer, visiting Portsmouth's center of civic order for the first time found them conspicuously missing at this morning's session. One woman, up for perhaps the gravest offense of any tried today, declared herself not guilty, in the face of contrary evidence.

"Who hit you in the eye?" queried Mayor H. H. Kaps.
"Nobody. I've had the toothache for three weeks," was the woman's reply. And nobody smiled.

Just for the sake of the spectators' senses of humor, the observer hopes their "cat sleeves" were almost bursting, but there was not a visible glimmer among judge, witnesses, or spectators. Was it a lack of interest in this case of the evident truth? If so, why were half a dozen or more spectators present?

One is led to think they came to be amused. Maybe some of the more grizzled were there to sympathize with their fellow beings, in a circumstance similar to ones they had encountered.

Five drunks! Inevitableness, helplessness was in their faces. Some were evidently only experiencing a return of a chronic lapse of control. They pleaded guilty to having been in "an unlawful state of intoxication." There wasn't one who looked soiled, or made any objection to his sentence. They seemed to feel they were there by order of a "ruling providence" and no ambition animated anyone to speak up for a lessening or remitting of the decree. Probably they had all had similar experiences and knew that submission was the easiest way.

The small neat quarters in which the "disorderlies" of Portsmouth are received may be too good for them, but the quarters are small.

Of course the court room amply accommodated the "crowd" this morning. The largest number in

it, at one time, included eight spectators, four persons arrested and the officers.

Any city, even one much smaller than Portsmouth, would gladly wish to need much smaller quarters. The spirit of the place seemed to be that of "inevitableness." Apparently police courts must exist, whether large or small.

MRS. B. B. CARTWRIGHT'S BROTHER IS FOUND DEAD IN HIS BED

H. L. Bradley, aged 35, unmarried and a brother of Mrs. B. B. Cartwright, wife of the Rev. B. L. Cartwright, of this city, was found dead in bed at Maysville Wednesday morning. Presumably death was caused by heart trouble.

Mr. Bradley was in his usual health Tuesday and looked after his meat market in that place. When he failed to get up at his customary time this morning, at his boarding house an investigation was made and it ended when Bradley was found dead. The Maysville coroner was notified. Bradley was famed for his feats of strength. He was a widely

known athlete and tipped the beam at 240 pounds. His parents, the late Mr. and Mrs. J. W. Bradley, died several months ago at their home in Manchester. In addition to his sister here, one brother, Edward Bradley, of Manchester, survives.

Rev. and Mrs. B. B. Cartwright and baby left Wednesday for Maysville upon receipt of the news of the sudden death of Mrs. Cartwright's brother.

Prayer meeting will be held as usual tonight at the Central Presbyterian church and the usual services will be held next Sunday. Rev. Cartwright announced today before leaving for Maysville.

Officers Installed
Members of the Journeymen Plumbers' Union held one of their best sessions Tuesday night, when officers for 1917 were installed and a buffet lunch was enjoyed.
Floyd Berdick, an officer from Pipe Fitters' Local No. 451 was the installing officer. The officers installed:
President—Joe Nollan.
Vice-President—William Gnetz.
Recording Secretary—Alfred Briggs.

At the regular meeting of the Associated Charities, Friday afternoon, January 5, 1917, after disposing of the business for the month of December and hearing a condensed report for the year 1916 from Miss Letta Adams, President W. W. Anderson stated that in as much as the Bureau of Community Service had organized and would at February first begin operations, the usefulness of the Associated Charities was at an end and should be terminated today, and asked the pleasure of the members present, who were W. W. Anderson, Rev. L. C. Strecker, C. E. Dowling, Mrs. Wm. Briggs, Mrs. George Grimes and Miss Letta Adams.

This matter was made a special feature of the meeting and upon vote the Association was dissolved and its activities cease from this date with the exception that Miss Adams was instructed to continue her work of relief as formerly until the arrival of the Bureau of Community Service. Mr. Wehly, upon the ground to assume charge, she to report to the Board of Managers of the new Bureau during this short interim.

The treasurer reported a balance of cash on hand in the sum of \$533.58 as at January 5 and after paying a few small bills for current month will have a very nice cash balance to turn over to the treasurer of the Bureau. The

Enterprising Thief Steals Meat To Fill An Order He Had Taken

County authorities discovered a new type of salesman Wednesday afternoon, but they failed to learn his identity. This fellow operates by first getting an order for goods then goes out and steals, delivers and receives payment for them.

A trail of salt led to the discovery of the fellow's operations.

A negro called at L. M. McGuire's grocery store, Idlewild, into his smoke house and had stolen two fine hams and two sides of bacon.

Deputy Sheriff C. J. Daniels was sent to the Miller home and he trailed the theft by the means of the salt that had dropped off the meat to the railroad tracks. Here the meat had been placed in sacks. Deputy Daniels trailed the meat to Idlewild where he learned of the transactions of the strange negro at the McGuire store. The paid 14 cents a pound for his meat, receiving altogether \$10.80.

About the same time that the negro called at the store, John Miller, a farmer, living between Sciotoville and Wheelersburg called Sheriff E. W. Smith and reported that someone had broken into his smoke house and had stolen two fine hams and two sides of bacon.

Now the authorities are looking for the negro who places his order before stealing his goods.

TERMINALS
John R. Watkins, traveling salesman, who lives at Louisville, Ky., was riding on the cab of the caboose of a westbound local at Mingo, W. Va., at 6 a. m. Tuesday and lost his balance and fell from the train, cutting his right cheek and bruising his head badly. He was taken to the Vaughn hotel at Williamson and Dr. Dunlaker was called. The injured party advised that none of the train crew knew he was riding on the cab. He was resting nicely Wednesday, but it will be several days before he is able to be out again.

Bud Hairston, N. & W. section laborer, who lives at Walnut Cove, N. C., was working on the track at Red Bank near Clare, Tuesday morning and using a jack under the track when the lever slipped out and struck him on the left hand, mashing the middle finger. He was taken to the camp cars and a company surgeon was called and dressed his wounds.

Mrs. Andy Childress, of Chattanooga, W. Va., was picking up coal and crossing the track near Chattanooga and was struck by N. & W. train 84 Tuesday at 2:10 p. m., badly injuring her left shoulder. She was taken to her home and a company doctor was called and attended her.

F. Burke, train superintendent in the transportation office at Roanoke, was in the city on business Wednesday.

E. R. Johnson, of the Virginia Supply company, of Bluefield, W. Va., was in the city on business Wednesday.

Joe Harris, of Poplar street, is moving his family to his farm at Wakefield.

Mrs. Sarah Massie, of Fort Gay, W. Va., who has been spending a few days with her daughter, Mrs. B. C. Boyd, of Gallia street, was called to Columbus Wednesday on account of the illness of a relative.

Bitten By Dog
Philip Frick, of Sciotoville, who represents the Watkins Medicine Company, was bitten on the left leg by a watch dog near the home of George Cannaday, Friendship, Tuesday evening, when he entered the yard. He had the wound dressed at the Cannaday home.

Bernice and Eloise, daughters of Dr. and Mrs. George Martin, of Sixth street, have recovered from the measles.

City Physicians Explain Why They Prescribe Nuxated Iron

To Make Beautiful, Healthy Women and Strong Vigorous Men

NOW BEING USED BY OVER FIVE MILLION PEOPLE DAILY

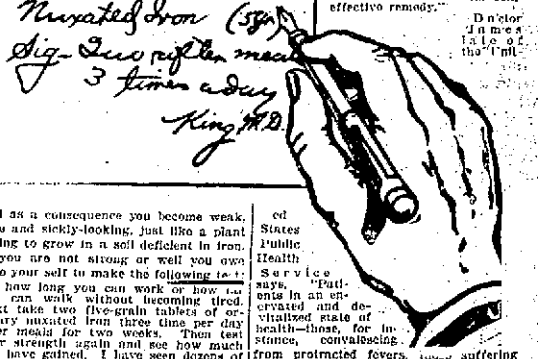

Quickly transforms the flabby flesh, lardaceous tissues, and pallid cheeks of weak, anemic men and women into a perfect glow of health and beauty—Often increases the strength of delicate, nervous, run-down folks 200 per cent in two weeks' time.

New York, N. Y.—It is conservatively estimated that over five million people daily in this country alone are taking Dr. King's Nuxated Iron. This fact alone is sufficient to prove that it is the most popular and best-selling medicine in the world. The reason for this is simple. It is the only medicine that has been used to explain why they prescribe it so extensively, and why it is so popular. It is the only medicine that has been used to explain why they prescribe it so extensively, and why it is so popular.

Dr. King, a New York physician and a man of high standing in the medical profession, has written a book on "Nuxated Iron" which explains the reasons for its popularity. He writes: "Nuxated Iron is the only medicine that has been used to explain why they prescribe it so extensively, and why it is so popular. It is the only medicine that has been used to explain why they prescribe it so extensively, and why it is so popular."

all about it afterwards. Please give me a remedy for sweating feet.

Tell him your real name. It's no disgrace to use your step-father's name, and I'm sure it won't make any difference to your fiancé.

Dear Miss Wise—Would you please tell me how to take blackheads out of flesh, as I have tried so many ways to get them off my face.

Hold hot cloth on the spots, prick the skin with a very fine needle (clean), then touch with peroxide. Keeping the body well bathed and the pores therefore open, and the underclothing clean, will help one's complexion. Drink a great deal of water to flush the system and chew your food well. This is the rule always given by beauty doctors.

Dear Miss Wise—As you have helped so many, I thought I would come to you for some help. I am a girl 16 years old and go with a nice young fellow, and it seems as he cares more for other girls than he does me. Now Dolly, how can I gain his love as I like him very much? How long should I wear my dresses, and how should I wear my hair, and what collar will be the most stylish this winter?

SWEET SIXTEEN.

You are too young to keep steady company with one boy. Wear your hair like other girls your age, and your dresses a little above your shoe-tops.

Dear Dolly—Would you please tell me how to clean a pocket-book of undressed leather.

Send it to a professional cleaner. It will only cost you ten cents. If you try to clean it yourself it will cost you at least that much and you run the risk of ruining it.

CLIMBED STAIRS ON HER HANDS

Too Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story: Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that when I tried to climb stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shovelled dirt, did building and cement work, and raised hundreds of chickens and ducks. I can't say enough in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may publish them for the benefit of other women."—Mrs. M. O. JOHNSON, Route 1, Box 194, Richmond, Ind.

Alkali in Soap Bad For the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.
The best thing for steady use is just ordinary multifunctional coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.
One or two teaspoonsful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and glossy, bright, lustrous, buoyant and easy to manage.
You can get multifunctional coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

The Scioto Bridge Club will be entertained Thursday afternoon at the home of Mrs. Alan Jordan.

Mr. and Mrs. Ernest Seibert, who were married December 20th, and have gone to house-keeping on Summit street, were given a surprise shower last evening by the Christian Endeavor Society and Mrs. Seibert's class of Grandview Avenue Christian Sunday school. GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin. Just massage Musterole with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, bruises, chilblains, frost-bites, colds of the chest (it often prevents pneumonia).

"It's Good"

says Mrs. Ada Boyer, of Versailles, Mo., in writing her praise of Theodor's Black-Draught.

"We have been constant users of Theodor's Black-Draught for 22 years, and have raised seven children with it. We gave it to them at teething, and it relieved them."

Have you found

THEODOR'S BLACK-DRAUGHT

to correct all stomach troubles, and for bad colds and fever, it always worked a cure.

My married daughter is using it with good results, and she has become the standard household remedy. It should be in your home. Get a package today. EB2

WHAT HE WILL DO

"Mr. J. C. O." is the talk of the town and everybody is wondering what he will do.

"Mr. J. C. O." will make his headquarters at our store and will distribute thousands and thousands of dollars worth of new and desirable merchandise.

AT THE LOWEST PRICES

ever quoted on goods of equal quality and desirability, "Mr. J. C. O." brings the greatest opportunity to save money that has ever been offered. You can start a bank account on what "Mr. J. C. O." will save you here during the next 10 days.

OPPORTUNITY

Opportunity is an eccentric party who is very reluctant about showing his face to some people, while with others he is on the most intimate speaking terms.

To most of us he shows his back, just after his coat-tails are out of reach.

I have spent most of my life studying the rear elevation of Opportunity.

Why "Mr. J. C. Opportunity" will be the most important figure in town and how you will know him by the Opportunities he brings.

COME AND MEET HIM

The sooner you make his acquaintance the sooner you will realize the importance of his coming and the advantages he brings.

"Mr. J. C. O." will be found in no other store here, so naturally no other store will be able to do for you what he will.

JANUARY CLEARANCE SALE

To this store is what a good housewife is to every home at house-cleaning time. To clear out the odd lots and get things in tip-top shape.

"Mr. J. C. O." has been assigned this task. Just read on and see how well he is going to do it.

OPPORTUNITY

The strange part of it is that I have never come to recognize him in time even to yell at him and make him hear.

I have gazed placidly at that public back of his, thinking of nothing in particular.

Later I would ascertain that on that certain day and hour Opportunity had walked right by me in broad daylight.

"Mr. J. C. O." Says You Can Save Stacks of Money On Suits, Coats, Furs, Dresses, Skirts and Waists

Basketball Game To Be Staged At Club

Thursday night at the Club on Fourth street at eight o'clock the first game in the City Basketball League will be staged between the Whittaker-Glesner Good Fellowship club team and the Ideals.

All four teams in the league have played one game each in which all players on the teams were given trials. Since then the teams have been practicing hard and the game to be played Thursday evening will be much better than the opening contests last week. The steel plant boys held a fine practice Tuesday evening. They have a full quota of signals and will give the full Ideals a hard battle.

The Whittaker-Glesner Good Fellowship team is composed of all basketball players. Lewis one of the forwards formerly played forward on the East High team of Columbus. He is one of the mainstays of the team. Stalen and Bowser forwards have played basketball in this city for several years. Matthews is a former college star and Matter at guard with Matthews played on the star P. H. S. basketball squad last season. Orr has had several years

experience on the floor and makes a good forward. Van Nostrand at center played in the city several years ago and Jaynes extra center played in the local high school.

The Ideals who won an easy game from the Club five Monday night are in fine shape for the steel plant quintet. All members of the Ideals are former city basketball players and have played in this city for the last five years. Kitch, at center, is one of the best basketball players in the city. Barber, Schickler and Pearson are all known basketball players of no mean ability, and along with Zuhars and Woods, who have played the game for several years round out a team that will be hard to beat. The fur will fly when these two evenly balanced fives meet tomorrow night.

All members of the Whittaker-Glesner Good Fellowship club will meet in their club rooms in Moose hall shortly after seven o'clock and will go in a body to the game, which is expected to be attended by one of the biggest basketball crowds of recent years in this city to be on hand Thursday evening at eight o'clock when the whistle blows for the game to start.

A DENTISTS FORMULA

True Secret of Keeping Youthful Looking

(The Beauty Secret.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these regularities, poisonous waste products remain in the system, polluting the blood and leading to various ailments, such as pimples, spots, and wrinkles. One becomes flabby, over-sensitive, mentally sluggish, dull-eyed, and sallow of face."

"But to get liver and bowels working as they ought, without producing violent after-effects, is no easy task. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, of its root, which has been called 'vegetable calomel' because of its effectiveness—though, of course, it is not to be classed with the real calomel of medicinal origin. There is no belittlingly potent in 'sentinel' tablets—that's the name—and their use is followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentinel tablets, which may be procured from any drugist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

Games This Week

Cement Specialists vs. Submarines, Thursday.

Spiders vs. Cold Hoppers, Friday.

Glantz vs. Rebels, Friday.

Those Ivory Knobs, who have let it be known they were going after the flag in the second half of the Masonic Bowling league, made pretty tolerably good their boast at the Play House alleys last night when they took the Ironclads in two out of three. That old-time enthusiasm was in evidence, especially in the case of the Knobs, who it must be said, have the nerve and grit and skill in the face of defeat. Those Knobs from Orville Sprague down to Captain Perry Winkler Young, never give up, and are at their best in the pinches. This was forcibly demonstrated last night when William Zollmann, who is shooting in rare form this year, turned in two almost impossible spares. Whenever you see a fellow making split spares, put it down that it is skill with a capital S.

While the Ivory were giving the Ironclads theirs, the Bald Eagles, who have secured the services of a new player, Harry Doerr, put the kibosh on the Corn Shuckers, two out of three. The Corn Shuckers were the first game with pins to spare, but seemed to lose their cunning thereafter and were unable to get within gun shot of their fleet-footed adversaries thereafter.

"Red" Conliffe was the bright and shining star of the Ironclads-Ivory Knobs games. Red had an awful time settling a hole, but once he got straightened away he went like a quarter horse, gathering 112 in his second game and coming right back with 188. Captain Clark could not bunt his credit and to save his life could not get above the 100 mark. Howard Moore gathered two nice games and is gradually getting back into form. For Gordon shot hard but failed to electrify the audience or himself with any brilliancy. John Millard was always trying and while he did nothing especially noteworthy he kept plugging along, always hopeful and ever cheerful.

Orville Sprague was high man for the Ivories, getting a score of 195. He had that reverse of his working over time at the gaudy game and with any kind of luck would have poled out a 200.

score. William Ellsworth Clayton got in late, as usual, but he more than held up his end after arriving. W. F. Zollmann—well, Bill encountered all sorts of rough travel in the first game, but after that was a bear cat for fair and gathered one score of 180. Captain Young was right there all evening and especially proud of his 183 score.

That expert insurance man, Mr. Patton, was the big noise of the Bald Eagles-Corn Shucker games. He had plenty of steam and oodles of determination and grabbed off all the honors. He shot 195 and 187 and more than held up his end of the argument. Harry Doerr seemed to be a little shaky at the beginning but after getting a sweat up and becoming used to his surroundings went along mighty fine. Put a pin in the prediction that the young fellow is going to develop into quite an artist. Captain Chas. Zollner had one nice game and two that were not so nice. "Pete" Hack was consistent if not brilliant. He had a world of splits, but quite a few misses as well.

William Briggs was the best marksmen for the Corn Shuckers, although that isn't saying he was a star. Ralph Marling, who takes deliberate aim and who tries like Jehu, got along pretty well and really should have had more than he got. Lon Shelton, who electrified the world last week by shooting 228, could not get the range and fell to a small total. Ed Strittmiller had two fair games and one that would be better described with a different average. The scores:

Bowlers Re-Organize

A reorganization of the Crystal Palace Bowling league was effected Tuesday night at a meeting of bowlers held at the Crystal Palace alleys in the East End.

Two teams, Zuhars Zebars and Hyland's Braves, were dropped and the other six teams made over and strengthened.

The Pioneers, Furniture Five, Bell's Beauties, Empires and Eleons with an unnamed team to be explained by Walter Malhot, will compose the new league. A new schedule will also be adopted in a few days. Two duck pin leagues were also organized, one to be captained by Jesse Carr and one by John Corbett.

The new teams will contain the following players: Pioneers, Captain Earl Reider, William Frick, Hartledge, Eisengau and Meyer; Furniture Five, Captain George Bullock, Benjamin, Daugherty, Hobstetter, P. Bauer; Empires, Doll, Russell, C. Kralzer, Bertram, Lepine; Eleons, Aldridge, Bruno, Griswold, Wanless, Polzak; Malhot's Five, Captain Malhot, H. Russell, Lovry, W. Eisengau, G. Edwards; Bell's Beauties, Captain Bell, Orr, Logan, Smith and Lozano.

Thursday night all members of the league are urged to be present at the alleys as the Ironbow bowlers, duck pin artists and one artist will be on hand to meet the local pin artists. A lunch will follow the game.

Charles Kratzer and "Shammy" Yates will be the local billiard players who will meet Frank Meyers and William Byers in fronton.

The first games in the new league will be played Friday night as follows: Empires vs. Empires; Pioneers vs. Furniture Five.

Herman Wrests Crown From "Kid" Williams

New Orleans, Jan. 10.—Pete Herman, New Orleans champion, won the world championship crown. He won it from Kid Williams of Baltimore, last night on the referee's decision at the end of their twenty round go at the Louisiana Auditorium.

It was a close bout. Herman had nine rounds to his credit. Williams eight and he was even in the other three. Williams was dropped by a right on the jaw in the fifth round, but was up at the count of two. Before the bell rang ending the round Herman staggered Williams again with a left on the chin. Williams was down at the end of the twelfth round, sat sprawling on his back from a right hook on the jaw. Williams confined his attack to Herman's body and Herman was in distress several times.

A large part of the crowd didn't like the decision of Billy Rocap, the referee. Williams went into the ring a 7 to 5 favorite and thousands of dollars changed hands on the decision. Eight thousand fight fans saw the bout.

Baltimore, Jan. 10.—In a telegram received here today, Dave Wartick, manager of Kid Williams, charges that his protégé was robbed of the decision and his title by Billy Rocap referee of the Williams-Herman scrap in New Orleans last night. Wartick says that his boy had all the best of it and claims that Rocap's decision met with open disparagement in New Orleans.

To Read Paper

At the regular meeting of the Ministerial Association next Monday Rev. B. F. Candill, pastor of the First Baptist church, will read a paper.

Open Butcher Shop

C. Herman and Son have opened a butcher shop at Eighth and Murray streets.

AS MANAGER

Ironton, Jan. 9.—Charles Selb, who for some time past has been connected with the Klein Ice Creamery, which has suspended business for the winter, has accepted a position as manager of a large ice cream plant in Montgomery, W. Va.

Mrs. Blanche Evans, of the West Side, continues to recover from a surgical operation she recently submitted to in the Hempstead Hospital.

Steelworkers Burned

George Mitchell, aged 42, of Bethesda, West Side, employed as a rougher in the Whittaker-Glesner plant, received serious burns on his abdomen, chest, arms, neck and face Tuesday afternoon, when his clothes caught fire while he was working. His right eye is also slightly burned, but it is not thought the sight will be injured.

Mitchell, who is a rougher on the three-high jobbing mill, was putting a slab of hot steel through the rolls when the small scales released from the steel set his clothes on fire.

Fellow employees rushed to his aid and tore part of his clothes from him and smothered the fire. Mitchell was taken to the emergency hospital in the steel plant, where he was given first aid. Lynn's ambulance was later called and he was removed to Hempstead hospital, where Dr. W. D. Schaefer dressed his burns.

His left side and arm are seriously burned and his right arm slightly burned. Wednesday morning Mr. Mitchell was reported resting easily.

Wiley Monk Burned

Within a few hours after George Mitchell, of the West Side, had been seriously burned as the result of his clothes catching fire when slivers of red hot steel fell on them, Wiley Monk, of Front street, also a rougher in the jobbing mill, had a similar experience, although he was not burned so badly as Mr. Mitchell.

His clothes caught fire at 1:30 this morning and he was fairly ablaze when workmen realized his peril and dashed two buckets of water on him. Monk was burned about the right eye, both hands were burned, and he suffered burns to his arms and back.

FIREMEN AND POLICE GET WAGE INCREASE

Huntington, W. Va., Jan. 10.—City firemen as well as policemen will get a wage increase at the close of the current fiscal year, was an announcement sanctioned yesterday by Mayor E. Sehon. The commissioners have for some time contemplated such a step, Mayor Sehon said. It was recently publicly announced that the policemen were to get an increase, but no mention was then made of the firemen.

"It would be manifestly unfair to increase the pay of one department without increasing the pay of the other," said the mayor. "The commissioners have been agreed for some time that members of both departments will get salary raises at the beginning of the next fiscal year."

While the commissioners have made no definite announcement as to how much of an increase the firemen and policemen will get, it is believed the commissioners are planning a raise of \$5.00 per month for the men of each department.

Moose Planning To Go To Convention

The annual convention of the Moose order will be held in Pittsburgh, Pa., July 22-27. Peerless Lodge of this city, last night appointed a committee to be known as the Pittsburgh Convention Boosters and expect to take a marching delegation to the convention. This committee includes H. C. Huddleson, Louis Levi, J. Hatfield and W. H. Zimmerman. They plan to have a uniformed marching club of 60 members. Gymnasium apparatus has been shipped and will be placed in operation in a short time. Invitations will be issued this week for members and friends to a big social time and dance. Journey's Trio will furnish the music. A committee of three will arrange the program for the celebration of the fourth anniversary of the lodge on February 19. The White-Knicker Club is now using the easy Moose quarters on Thursdays from 1:00 to 11:00 p. m. and will probably use it two days a week in the near future.

Had To Amputate Boy Victim's Leg

So badly was the flesh torn from the bones of the left limb of Jesse Briggs, 11-year-old son of Eliza Briggs, of Rhodes avenue, New Boston, Tuesday afternoon, when he attempted to board an N. & W. freight train and was caught under the wheels near the steel plant, New Boston, that it was found necessary to amputate the leg above the knee. The flesh of the leg was caught between the rail and flange of the wheel and ground off. The plucky lad is holding his own and Wednesday he was reported in good shape, having spent a very good night. The lad's father, who is working at New Thacker, W. Va., was notified of the accident Tuesday night.

FREIGHT CAR IS ENTERED AND SHOES STOLEN; ARRESTS MADE

Having just recently been released on bond from the county jail, where they were confined upon charges of being implicated in the theft of hides from the Norfolk and Western railroad, two men giving the names of John Seth and Taylor Ferguson, were again arrested Tuesday evening on a charge of breaking into an N. & W. freight car and stealing several pairs of shoes. Homer Hammock, brother of John Hammock, one of the boys arrested in connection with the hide case, is also being held by the police. The police say that an N. & W. freight car was broken into on January 4. Twelve pairs of Excelsior shoes were taken. These shoes bore the label of a firm which the local company had consigned them to, in silver letters on the lining of the uppers. One pair of those taken has been recovered, the police say. They were sold to Charles Packard, who is employed by George L. Galka, the police say, by John Seth.

WILL TOOTHACHE GIVE ANYONE A BLACK EYE? MAYOR HAD TO DECIDE

"Who hit you in the eye?" questioned Mayor H. H. Kaps, in police court Wednesday morning, when a woman registered under the name of Lola Dehart, pleaded not guilty to a charge of fighting with a young man giving the name of Roy Sissle. "Well, sir! You see, Mayor," explained the prisoner, placing her left hand over her badly swollen and bruised eye, "I have had the toothache for three weeks." The man and the woman were arrested in the North End Tuesday evening. They were each fined \$20 and ordered committed to the county jail until the fines are paid. Here is a new one in police circles. A man registering as W. C. Lipker, who has been in police custody several times lately, called the Night Sergeant Tuesday evening and told him that his name was Lipker and that he would have to be arrested. At the time of the call, Lipker was at the home of Mrs. Maggie Voegler, 3087 Gallia street. Lipker denied that he called the police Wednesday, and said that he would remain away from Mrs. Voegler's home "for life" should he be released. Mrs. Voegler said that she operated a boarding house and that Lipker at one time stayed there. Tuesday evening he entered the house without warning and locked all of the doors and swore at everyone there. For disorderly conduct on a street car, a man registered on police docks as Ferguson Logan, and claiming New Boston as his home, was arraigned and pleaded guilty to being intoxicated. He was fined \$25. Mayor Kaps said that disorderly conduct on street cars in the city would not be countenanced.

Columbus and Dayton People Approve "Outside" Cold Remedy

They Find the External Application, Vick's VapoRub Salve, the Best Treatment for Croup and Cold Troubles. It Replaces Harmful Internal Dosing, Poultices, Plasters, Flannel Jackets and Vapor Lamps.

You Just Rub It on Over Throat and Chest—Relieves by Inhalation and Absorption.

In 1911 the Southern remedy—Vick's VapoRub Salve, was introduced in Columbus and Dayton. Below are reports from two families who gave it a trial at that time. COLUMBUS, OHIO, Mrs. J. V. Aikins, 1496 E. Rich Street, writes: "We are still using Vick's VapoRub with the same good results for a great many things—croup, colds in the head, sore throat, pleurisy and lame back. I think it is far quicker to use Vick's than to wait for results from internal medicine." Letter dated Feb. 21, 1916. "It was during the winter of 1911 that I tried my first jar of Vick's VapoRub Salve from Burket's drug store. My boy was then very much subject to croup, and I had tried numerous remedies without much success. Vick's works like magic. My wife spread the news among the neighbors, and now you could not induce us or our neighbors to be without a jar of Vick's VapoRub. From my own personal knowledge, in regard to catarrh and colds, I know it does the work and does it quickly by increasing the blood circulation and giving you that free breathing, which you are so anxious to obtain." Three sizes, 25c, 50c or \$1.00. The Genuine has VAPORUB This Trade Mark.

WINTER AND SPRING TONIC
Winter is a hard season for those who have no stored up reserve of strength. The coming of trying spring weather means sickness for many because debility robs the system of its power to protect itself.

One person may suffer exposure to cold and wet without any ill effects while another whose blood is thin and whose nerves are run-down will be confined to bed after sitting in a draught. Keeping the blood built up in the spring. Dr. Williams' Pink Pills for Pale People are the best and most convenient tonic for the blood. Put up with complete directions for use they are a family remedy that can be depended upon in conditions of thin blood, debility and many common forms of weakness.

The blood goes to practically every part of the body and if it is rich and red it carries health and strength to every organ. The digestion is toned up, the nerves are strengthened and aching muscles are made strong. Dr. Williams' Pink Pills are especially useful to run-down women who worry about their daily tasks and duties. A few weeks' treatment has in hundreds of cases brought the most remarkable improvement.

Y. W. C. A. CAMPAIGNING FOR MORE MEMBERS; 50 GIRLS NOW OCCUPY BUILDING; MANY ON WAITING LIST

"What organization in Portsmouth wants new members more than any other organization? The Y. W. C. A."

"What organization can offer its members more chances for self-culture and helpfulness to others than any other organization? The Y. W. C. A."

These are the opinions of its president, Mrs. Henry W. Heer, 1405 Offshore street, and of its acting general secretary, Miss Elizabeth Farmer.

Mrs. Lewis N. Lowry, 1815 Third street, is chairman of the Y. W. committee on membership, numbering 20. These members are conducting a campaign of personal work for new members and have working with them representatives of many churches. Miss Farmer says the membership is growing, but should be much larger in proportion to the population.

Portsmouth's Y. W. C. A. has featured its boarding home, which is now occupied by 50 girls, its capacity number. There is always a waiting list of girls desiring admission to the home. Industrial work, physical education and the opening of the dining to the public at the noon hour are other activities taken up by the association. The menu for the fifteen cent lunch served each noon from 11 to 12:30 is printed elsewhere in this edition. As many as 100 have been served during one lunch hour, and club luncheons are welcomed according to Miss Farmer, who believes this department to be a profitable one for the association.

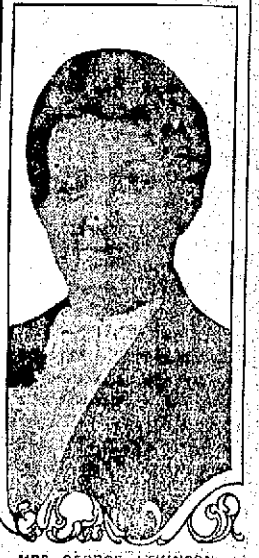

Noon meetings, held each week at factories in and near Portsmouth, are in charge of Miss Edmund Broadstone, industrial secretary, who is aided by Miss Edna M. Streich, 823 Sixth street, chairman of the industrial committee. The noon meeting is a social half hour, and singers or readers entertain the girls. Once every three weeks, suppers are given at the factories, which may be attended by any employee, regardless of membership in the Y. W. C. A. The cost is fifteen cents and the meal is cooked and served at the factory by members of Y. W. committee.

NOW HAPPY WITH "TANLAC SMILE"

New Tonic Ends Woman's Nervousness and Stomach Worries.

Nervousness is one of the worst afflictions which can overtake a woman, according to Mrs. George Atkinson, 2502 East 100th street, Cleveland, who sympathizes with those who drag out a wretched life on this account. No one, as her story runs, suffered more from health worries and a run-down nervous system than she did.

But those jumpy nerves are quiet since she took Tanlac, she says, and

MRS. GEORGE ATKINSON.

she now wears the "Tanlac Smile"—the smile of health, happiness and a cheerful disposition.

Her Story Seemed Druggery.
"I suffered from nervousness and stomach troubles for years. I got nothing but 'catnaps,' and my household was druggery. I felt so bad that I became despondent. My appetite was poor and my stomach worried me."

"I had tried many things when a friend told me of Tanlac. I took the treatment. Now my nerves are quiet and my sleep is restful and refreshing. Hard to Believe."

"When I think of the many sleepless nights I worried through I can hardly believe there could be a tonic which has brought me the relief Tanlac has."

I now have a good appetite and feel well. More than that—no matter how hard I work I don't get weary, and I haven't an ache or pain to trouble me. The credit is due to Tanlac."

Sold in Portsmouth, Ohio, by Fisher and Streich Pharmacy.

THEY KNOW ITS VALUE

Mr. Charles Horr, familiarly and kindly known to his associates as "Chad" Horr, a Portsmouth citizen, is sojourning down in sunny New Mexico, at Tumeuncari. From there he sends us a post card embellished with a fine courthouse and carrying the message: "How would this do for Portsmouth. This is a place of about 3,000." Evidently "Chad" has had an open ear for the Tumeuncari booster, but he is cautious withal and he affixes the qualification that Tumeuncari has "about" 3,000 population. Being at this safe distance we have no hesitancy in saying that we doubt if the town has as many as 2,000 souls. The fact as to her population is not so important as the point that a small town and a small county has a courthouse that makes Portsmouth's ancient and dilapidated temple of justice look like an old, battered and punched one-cent coin, by comparison. The people of that new county know the value of advertising and the best place to put it—a courthouse. They understand that the stranger dropping in and seeing the structure will naturally be impressed with the belief that here is a big, prosperous and progressive county, an altogether desirable community in which to live. It doesn't require much reasoning to conclude that if, on the other hand, the visitor, in strolling over the city, were to see a miserable, weather-beaten tumbled-down shack and be told it was the courthouse that his opinion of the people and the county would not be one that as a stranger he would care to express. The inhabitants of the county know the value of advertising, as well as the need in prudence of preserving their public records and are wise enough to build a fine courthouse.

THE SUPPLY AND THE DEMAND

This country is shipping sixty million dollars worth of food products monthly to Europe. Here we have the reason, or cause for the universally complained of high cost of living. In itself sixty million dollars of food is not even a great deal for productive and plentiful America, being only about fifty cents worth for each head of population, but it is the difference that moves the pendulum near towards demand and distant from supply. Europe buys of us always great quantities of wheat and meat. Now she is buying more together with stores of potatoes and beans. These are the principal articles of food production. The wheat and potato yields were short last year. This fact coupled with excess exportations lessens the home supply and consequently prices rise on a not fully supplied world's market. It is altogether uncertain whether prices will ascend or decline in the near future, or remain practically stationary for sometime. If the war continues indefinitely there is little to be expected in the way of a decline. For the basis of the food supply is wheat and all other products act and react to a considerable degree with it. The yield in Argentina for the past year, which is now being marketed, is said to be light and the American crop, next to be harvested, is not bountifully promising. These conditions in the two principal wheat producing countries are sufficient in themselves to maintain prices about their present level, even with peace declared, but with the war over and America giving up a record breaking crop, for mind the area in wheat is larger this year than ever, the market would instantly go a tumbling and all other products would be equally affected.

Score one for Old High Price. Owing to the prohibitive price of cotton we fail to chronicle a single Santa Claus fatality for the past Christmas.

It is said by a Colorado farmer that under the influence of music cows will give up more milk. May be this is another invention of the canned music manufacturers.

After all the Greek army is fortunate in not knowing whom to fight. That spares them from the fate of the Rumanians who didn't know any more than they did and weren't wise enough to understand that when in doubt best not to fight at all.

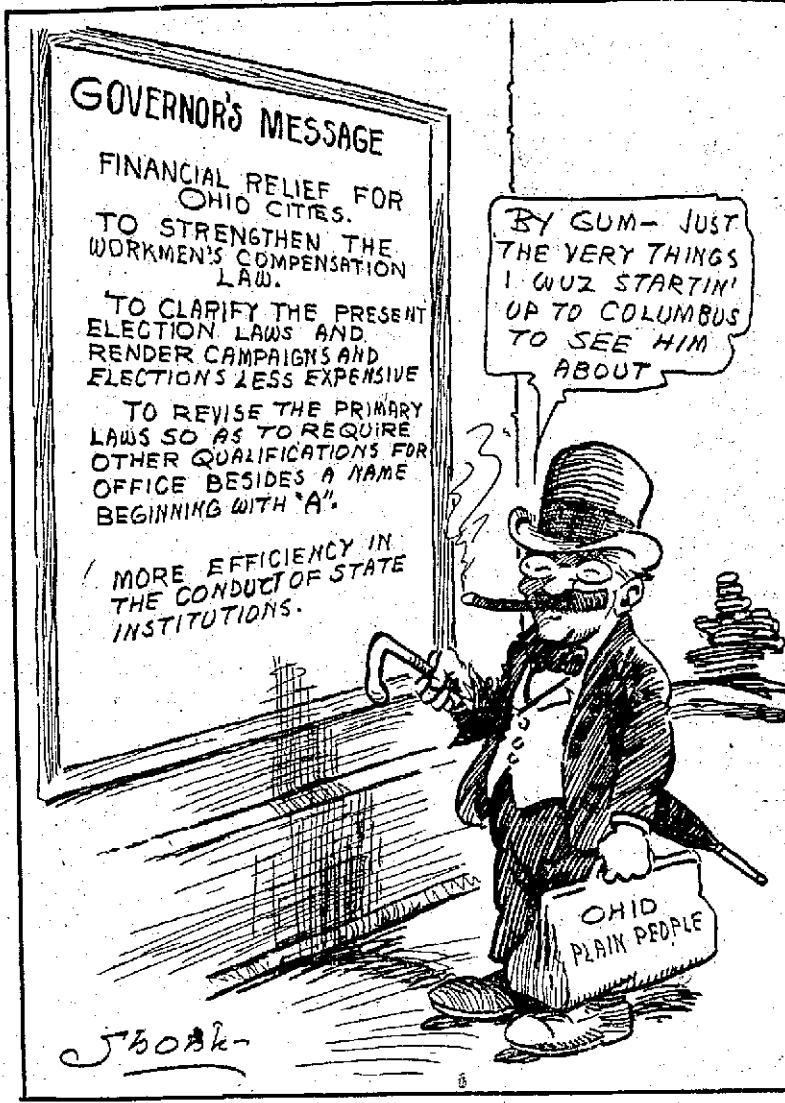

Even the weather man has gone Democratic and he furnished a beautiful and bright day for inaugural ceremonies at Columbus. It was just right for marching and was not disagreeable to the spectators. One could believe the latter statement anyway from the fact that the state capital held a big, jostling, jolly crowd of sight-seers, over a 100,000 strong and the biggest it ever saw. It was shoulder and shove all through the light of day and far in the evening from the station to the Southern hotel, if one would travel afoot.

From Governor Cox's inaugural address we are confirmed in the impression that we are to have a period of legislative rest, that is the effort to make people happy, healthy and prosperous by statute is going to know surcease.

Just between us The Times is having to do some hustling to keep a little jag of paper on hand. Two ear leads on the way and no railroad man knows where they are. One been "lost" for weeks. And, mercy, we cry, the cost of those little jags!

There will be no recount on the gubernatorial vote. Of course not. There never was a likelihood of one. Talk that there would be was but the prattle of political infants, who were trying to distract attention from their blunders of adolescence and so let themselves down easy.

ANTICIPATED

JUSTIFYING ITS EXISTENCE

The National Board of Moving Picture Censors has resolved that it will hereafter pass no more white slave films or films which deal in a sensational manner with sex and social problems.

This body is a purely voluntary association, it has no legal existence, as such, and no authority to enforce its verdicts, or judgments. Its opinions are therefore of all the more worthy of approval and, be it said to the credit of the big movie producers, that they accept the judgment of the censors as final. They are not to be charged with the guns and vile productions that get by the state boards and are doing so much to bring the movies to that scandalous esteem that once attached to the stage. Perhaps, no other censor board is so lux in disapproval of these alleged problem pictures as the Ohio censors, and the worst of it is thereby giving official approval to the degrading both of the reputation of a state and the public morals. It would be much better if the state censors were abolished altogether and the statute creating them were so amended as to make the production in the state of any play or picture, not approved by the national board, a criminal offense.

As we read it from the wire Tom Lawson knows who it was, but won't tell. That is Tom says so, but either he doesn't know or he should be made to tell. The mouth of a clam can be opened and it is necessary, even if it does mean death to the clam.

It is glory hallelujah for the dries. The United States courts have decided one state has the constitutional right to prohibit things from another commonwealth being imported, or brought into it.

As a preliminary the public comfort station suggestion will lead to a conciliatory jaunt, it is to be supposed.

New 1917 is whirling by with some velocity. Almost one-third of the first month already gone.

Congress is going to spend another little matter of three hundred thousand dollars to distribute seeds that don't grow, even into votes. It is hard to break a new dog of old tricks.

For two full days it has been our ex-good, no we can never start that right, our good, young ex-governor no more forever.

If Governor Cox and his administration are as good to Scioto county as in his first term, that ought to mean something, a good deal to Scioto county in the way of brick roads.

With a dozen and more applicants for every office we have a suspicion that the days of a new governor is not as serene as the weather sometimes is.

And as his last official utterance the good young governor declared for prohibition and female suffrage.

is Removed To Infirmary

Neal Finegan, of Baraboo, Wis., who received serious burns about the body when he made a bed of boards on hot bricks at the Harbison-Walker brick plant in Sciotoville two weeks ago, and who was in Hopstead hospital, has recovered sufficiently to be removed to the county infirmary.

Mayor Loren Yost, of Sciotoville, sent the young man's father, Thomas Finegan, all particulars of the accident, but has not received any word from him as to what should be done with his son. The village of Sciotoville has no funds to pay for the boy's care-taking at the hospital, so it has decided to move him to the infirmary until some word is received from his parents.

Will Probated

Ironton, O., Jan. 10.—The will of the late Mrs. Anna L. Sullivan was probated Jan. 7. Attorney Tom Jenkins is the executor.

Mrs. Sullivan leaves an equal division of all real estate and personal belongings to her three living children: Mrs. J. H. Moriarity, of Ashland, Ky.; Mrs. Anna L. York, Portsmouth, O.; Dr. Sullivan, of Ironton, O.

Mrs. Sullivan will be remembered among the older people of Portsmouth, as she formerly lived in that city.

NEW-YORK-DAY-BY-DAY.

O. O. MCINTYRE.

New York, Jan. 10.—A fidgety old man:
Who sat next to me.
In a movie show.
Suddenly exclaimed:
"By George, I'm deaf."
"I can't hear what it is."
"Them folks are talkin' about."
And I laughed out loud.
And then a film.
With pretty Alice Brady.
Who is my favorite star.
Of the cinema world.
Made me weep.
And having run.
The scale of emotions.
In a single hour.
I went outside.
And stood on the curb.
And a cop came along.
And looked at me.
And thought I was an actor.
For he nudged my arm.
And said: "Exit laughingly."
So I took his number.
And showed some temperament.
And then reflected.
That I never heard of anyone.
Getting temperamental.
With a policeman.
So I walked away.
Leaving him flat.
And boarded a car.
For where I live.
And wished I was home.
Where the police force.
Is a gentleman.
I've known him all my life.
And he's a good old scout.
Though his legs are warped.

And he chews fine cut.
Just then the conductor.
Came along again.
To collect my fare.
And I had paid him once.
But paid him again.
And took his number.
And he hawled me out.
And got excited.
He gave me too much change.
And I got off the car.
And tripped over a dog.
And got hawled out again.
And yet tomorrow night.
I have to sit in the front row.
At a Peace Meeting.
And cheer for peace.

Two Trips Offered

Information has been received from J. R. Clarke, director of the Bureau of Junior Contests, Board of Agriculture, that Governor James M. Cox had offered two trips to Washington, D. C. with the 1917 Corn Special as a prize to the two winning the state wide honors in the corn growing and domestic science contests for juniors.

Leak Hunting
I met a thin and haggard one,
A morning of this week;
The ramrod of an ancient gun
Describes his shape unique.
I said, "O gent!
What is your stent?
What burden makes you thin
and bent?"
At which he smiled, "Alas! my
son,
I'm trying to find a leak!"
"I did not find it when I sailed
Afar up Saline Creek;
My ramrod similarly failed
In distant Mozambique.
No leak could I
At all desecry
In Alabama (which is dry).
Oh, every offered clue I trailed,
And yet I found no leak!"
So, haggard, trembling, worn and
wan—
Tears trickling down his cheek—
He went again his quest upon,
That hidden thing to seek.
In '52
A people new
May still the haunting figure
view
Of him who tries, till life is gone,
To find that little leak!"

How To Get Rid of Cockroaches
The scientist had given a very
scientific lecture, and at the end
he said, beaming down on his au-
dience condescendingly:
"Now, if there is any scientific
question that any of my friends
would like to ask, I beg them not
to hesitate. I shall be only too
happy to answer any inquiry in
my power."
An old lady in spectacles that
gave her a severe, stern look, rose
and said:
"Why do wet tea leaves kill
cockroaches?"
The scientist did not know wet
tea leaves did anything of the
kind, much less the cause of the
phenomenon; but, never at a loss,
he replied:
"Because, madam, when a cock-
roach comes across a wet tea leaf,
he says: 'Hallo, here's a blanket,'
and wraps himself up in it, catches
cold and dies."—Tit-Bits.

DEFINITE ACTION TODAY IN LEAK PROBE EXPECTED

Wilson's Brother-In-Law Is Booked To Testify Today

Washington, D. C., Jan. 10.—Just before the house rules committee resumed its investigation, Chairman Henry declared the committee "PROBABLY WOULD TAKE SOME DEFINITE ACTION" at the close of this morning's session.

Washington, Jan. 10.—C. W. Barron, head of the Wall Street Journal, which supplies news to the Dow-Jones ticker, New York, has been requested by the house leak committee to appear today to testify about ticker stories carried the day before the note was made public.

despite the proof of a leak. Just before the house rules committee resumed its investigation, Chairman Henry declared the committee "PROBABLY WOULD TAKE SOME DEFINITE ACTION" at the close of this morning's session.

Brokers' private wires seemed to be about as near as the committee had come to establishing the source of the alleged leak.

The committee had little information on which to justify a fuller investigation, members felt.

LINKS BETWEEN THE ALLIES STRENGTHENED BY THE WAR COUNCIL

Rome, Jan. 10.—The allied council of war concluded its session today with the most important of the war; it has definitely solidified the links between the allies of their sympathy and stern resolution.

Manslaughter Is Verdict In 'Air Bubble' Murder Case

Olney, Ill., Jan. 10.—The jury in the case of Roy Hinterlitter, charged with the "air bubble" murder of Elizabeth Radcliffe, returned a verdict of guilty of manslaughter at 5:15 this morning, after twelve hours deliberation.

PARRET-WHITEMORE TAX LAW UNCONSTITUTIONAL

Columbus, O., Jan. 10.—Ohio today was virtually without a tax law though 1916 assessments will stand.

Supreme court's decision declaring unconstitutional the Parret-Whitemore tax law, enacted by the legislature two years ago, also by inference, knocks out the Warnes law, enacted by the legislature in 1913.

The decision makes certain that this legislature will be the battle ground for another taxation wrangle.

Legislators are looking to Governor Cox and Attorney General McGhee for suggestions on which to build a new law, inasmuch as the court's decision pointed out that many features of the Parret-Whitemore measure clashed with the constitution.

The court's ground for knocking out the Warnes act was that many officials made appointive by the law, should have been elected. The decision also cites that members of county tax revision boards under the Willis law are appointed and claims that township and county officers must be elected.

KAISER MAY ISSUE NEW NOTE

Rome, Jan. 10.—German Chancellor Von Bethmann-Hollweg is preparing a new note, in which he will define the war aims of the Central Powers and outline peace conditions acceptable to them, dispatches from Lugano asserted today.

CROWN COUNCIL OF GREECE FAVORS ACCEPTANCE OF THE ALLIES, NEW DEMANDS

Athens, Jan. 10.—The crown council of Greece favors acceptance of the allies' demands as outlined in the note just received, according to an apparently reliable report circulated today.

Prompt answer of Greece to the original allied demands was required by the Greek government yesterday by ministers of the Entente powers. This insisted upon a reply within 48 hours. It followed an "evasive" note addressed to the allies by King Constantine two days previously, in which he pointed out the difficulties in the way of compliance with the demands.

The "ultimatum" required immediate acceptance of the demands served on Greece December 31. These were for reduction of all Greek military forces in all parts of the kingdom, except Peloponnesus to the maximum required maintenance of public order; prohibition of reservists meetings in all parts of Greece north of Corinth, the release of all Venizelist prisoners; formal apology to the Entente for lack of its troops, embassies and flags and a change in the command of the First Greek army. The December 31 note also reiterated the previous demand for transfer of all Greek troops from Thessaly to Peloponnesus.

COLD WAVE COMING

Columbus, O., Jan. 10.—The Columbus United States weather observatory received a warning last night, predicting a cold wave within the next 36 hours. The drop in temperature should be felt before 7 a. m., Thursday, it was announced.

OPENING STOCKS

New York, Jan. 10.—The stock market opened with irregular and narrow changes today, issues which advanced in the upward movement at the close yesterday retaining their gains.

United States Steel, in which interest centered because of unofficial estimates on its unfilled orders report, opened at 113½ and ¾, having closed yesterday at the latter figure. New Haven again was weak, selling down ¼ to 47.

Bethlehem Steel broke ten points on its first sale, when 100 shares were sold at 48½.

CHICAGO GRAIN

Chicago, Jan. 10.—Opening—Wheat, May unchanged, July down ¼, Sept. unchanged. Corn, May down ½, July down ¾. Oats, May down ½, July down ¾. Provisions slightly lower.

SUFFERS STROKE

Tronton, Jan. 10.—Mrs. Jane Byers, wife of John Byers, and mother of "Billy" Byers, of the Smoke House, suffered a stroke of paralysis Monday evening, her entire left side being affected.

LAST OF THE LIVING LINKS THAT CONNECT UNITED STATES OF TWENTIETH CENTURY WITH FRONTIER DAYS NEAR DEATH

Physicians attending Colonel William F. Cody, whose fame as "Buffalo Bill" is worldwide, say that he can not recover from his present illness. "Buffalo Bill" is perhaps the last of the living links that connect the United States of the frontier days and that of the twentieth century.

Denver, Colo., Jan. 10.—There has been no change since yesterday in the condition of Colonel W. F. Cody, according to Dr. East, his attending physician, at six o'clock this morning. Colonel Cody passed a fairly comfortable night.

THAW STILL AT LIBERTY; ARREST EXPECTED SOON

Pittsburgh, Pa., Jan. 10.—The arrest of Harry K. Thaw on New York warrants charging assault upon a minor, was expected momentarily early today. It was stated on good authority that Thaw was at the family home in Beechwood Boulevard.

Though reported under guard over night, it was believed that if he is there he will give himself up.

The Pittsburgh police have so far not been requested to apprehend the millionaire of "brainstorm" fame.

Several men from the staff of the district attorney in New York are here, however, and watching every place where it is thought likely Thaw may go.

There is a special watch at Cresson, where the Thaws have one of their country homes.

There were no signs of life about Elmhurst last night, however. Several detectives and newspaper reporters maintained all night vigil. They said that there appeared to be no one there.

Since Thaw was given complete freedom after his flight from Matteawan he has been in Pittsburgh little more than was necessary. The estate, of which he is manager, is directed from here and requires a good deal of time. The belief has been growing among his friends that he was avoiding the city.

It has been reported from time to time that Thaw believed he was better received in other cities than here; that he found it more pleasant to cultivate new acquaintances elsewhere than to mix with his old friends.

His life has been almost devoid of excitement for many months. Except for his several appearances on speeding charges and in connection with smash-ups in Allegheny county, Philadelphia and elsewhere, his sparse last fall as a political campaigner in New York and his double appearance yesterday as a moralist on the Colbert case and as a fugitive, Thaw has had little publicity.

London, Jan. 10.—"An important statement" will be made by Imperial Chancellor Von Bethmann-Hollweg about January 15, special dispatches asserted today. The chancellor, it was asserted, will undertake to analyze the various peace moves which have already been made and will make an announcement.

Arrangements for the Reichstag meeting at which this statement is to be made are being held in abeyance, it was said, until Germany learns the form of the allies' answer to President Wilson's peace suggestions.

The Berlin dispatch asserted that the further peace move which was planned by the chancellor would be addressed specifically to the neutral powers, which supported President Wilson's note. In view of these Berlin reports, it was pointed out here today, that Germany has called a meeting of plenipotentiaries of the Central Powers on January 15 and a conference of the president of parliaments of all her allies on the day following.

London, Jan. 10.—The allies' answer to President Wilson will be handed to Ambassador Sharp at Paris possibly today. It will not be made public for several days, an agreement for simultaneous publication in America and Europe having been made.

Delay in sending the reply has not been due to any differences between the Entente nations as to the general principles to be enunciated in the document. Complete agreement on this general outline has been manifest from the time of the first draft. But exchanges of views as to the phraseology with which these general aims were to be presented, and desire to polish off the verbiage consumed some time. The note will thoroughly detail the allies' war aims and purposes and for this reason it is desired to make the text absolutely perfect and capable of no misconception or misinterpretation.

Ideals And Whitaker-Glessner Club Play Thursday Night

Basketball Game To Be Staged At Club

Thursday night at eight o'clock the first game in the City Basketball league will be staged between the Whitaker-Glessner Good Fellowship club team and the Ideals.

All four teams in the league have played one game each in which all players on the teams were given trials. Since then the teams have been practicing hard and the game to be played Thursday evening will be much better than the opening contests last week. The steel plant boys had a fine practice Tuesday evening. They have a full quota of signals and will give the first game a hard battle.

The Whitaker-Glessner Good Fellowship team is composed of all basket-

Herman Wrests Crown From "Kid" Williams

New Orleans, Jan. 10.—Pete Herman, aged of Kid Williams, charges that his protegee was robbed of the decision and title world championship crown. His title by Billy Roper referee of the won it from Kid Williams of Baltimore, last night on the referee's decision at the end of their twenty round go at the Louisiana Auditorium.

It was a close bout. Herman had nine rounds to his credit. Williams eight and honors were even in the other three. Williams was dropped by a right on the jaw in the fifth round, but was up at the count of two. Before the bell rang ending the round Herman staggered Williams again with a left on the chin. Williams was down at the end of the twelfth round, sent sprawling on his back from a right hook on the jaw. Williams confused his attack to Herman's body and Herman was in distress several times.

A large part of the crowd didn't like the decision of Billy Roper, the referee. Williams went into the ring a 7 to 5 favorite and thousands of dollars changed hands on the decision. Eight thousand fight fans saw the bout.

Baltimore, Jan. 10.—In a telegram received here today, Dave Wartick, man-

Games This Week

Comment: Spiders vs. Submarines, Thursday.
Spiders vs. Clay Hoppers, Friday.
Blacks vs. Rebels, Friday.

Those Ivory Knobs, who have let it be known they were going after the flag in the second half of the Masonic bowling league, made pretty tolerably good their boast at the Play House last night when they took the Ironclads in two out of three. That old time enthusiasm was in evidence especially in the camp of the Knobs, who it must be said, have the nerve and grit and skill in the face of defeat. Those Knobs from Greble Square down to Captain Perry Walker Young, never give up, and are at their best in the pinches. This was forcibly demonstrated last night when William Zollmann, who is shining in race from this year, turned in two almost impossible spares.

Wherever you see a fellow making split spares, put it down that it is skill with a capital S.

While the Ivory were giving the Ironclads thrash, the Bald Eagles, who have secured the services of a new player, Harry Doerr, put the Knobs on the Corn Shuckers, two out of three. The Corn Shuckers won the first game with plus to spare, but seemed to lose their running thereafter and were unable to get within gun shot of their footloose adversaries thereafter.

"Ted" Coniffe was the bright and shining star of the Masonic-Ivory Knobs games. "Ted" had an awful time getting a two ball, but once he got straightened away he went like a quarter horse, cutting 212 in his second game and coming right back with 185 in the third. He did not touch his credits and he saved his life and did not get above the 50 mark. Russell Moore gathered two nice games and is gradually working back into form. Forrest Gordon shot 212 but failed to convert it into a spare. He was very hot in the third game and came right back with 185 in the fourth. John Hildner was always very hot and while he did not score especially noteworthy he kept putting down, always hopeful and always cheerful.

Oreille Suzanne was Light man for the Peoria, getting a score of 195. He had that power of his working man that he can do anything and do it well. He is a Sandusky man and with a new kind of back would have pulled a 200 in his second game. He was very hot in his third game and came right back with 185 in the fourth. Army Football Schedule

West Point, N. Y., Jan. 10.—The future games of the Army's 1917 football team, announced today are those with Pennsylvania, Notre Dame and the Navy. All the contests will be played here except the annual clash with the Navy of the Polo Grounds, New York City. The schedule follows:

Bowlers Re-Organize

A reorganization of the Crystal Palace bowling league was effected Tuesday night at a meeting of bowlers held at the Crystal Palace alleys in the East End.

Two teams, Zuhars Zehras and Hyland's Braves, were dropped and the other six teams made over and strengthened.

The Pioneers, Furniture Five, Bell's Beauts, Empires and Globs with an unnamed team to be captained by Walter Shotton, will compose the new league. A new schedule will also be adopted in a few days. Two duck pin teams were also organized, one to be captained by Jesse Carr and one by John Coniffe.

The new teams will contain the following bowling players: Pioneers, Captain Carl Reider, Wilhelm, Frick, Hartledge, Elm and Meyer; Furniture Five, Captain George Bullock, Benjamin, Daugherty, Hubert, P. Bauer; Empires, Doll, Russell, C. Kratzer, Bertram, Lepplow; Eleons, Attridge, Bruno, Griswold, Wattless, Putzke; Mathieu's Five.

AS MANAGER
Fronton, Jan. 9.—Charles Sell, who for some time past has been connected with the Klein Ice Creamery, which has suspended business for the winter, has accepted a position as manager of a large ice cream plant in Montgomery, W. Va.

THEY KNOW ITS VALUE

Mr. Charles Herr, familiarly and kindly known to his associates as "Chad" Herr, a Portsmouth citizen, is sojourning down in sunny New Mexico, at Tumacacuri. From there he sends us a post card embellished with a fine courthouse and carrying the message: "How would this do for Portsmouth. This is a place of about 3,000." Evidently "Chad" has had an open ear for the Tumacacuri booster, but he is cautious withal and he affixes the qualification that Tumacacuri has "about" 3,000 population. Being at this safe distance we have no hesitancy in saying that we doubt if the town has as many as 2,000 souls. The fact as to her population is not so important as the point that a small town and a small county has a courthouse, that makes Portsmouth's ancient and dilapidated temple of justice look like an old, battered and punched one-cent coin, by comparison. The people of that new country know the value of advertising and the best place to put it—a courthouse. They understand that the stranger dropping in and seeing the structure will naturally be impressed with the belief that here is a big, prosperous and progressive county, an altogether desirable community in which to live. It doesn't require much reasoning to conclude that if, on the other hand, the visitor, in strolling over the city, were to see a miserable, weather-beaten, tumbled-down shack and be told it was the courthouse that his opinion of the people and the country would not be one that as a stranger he would care to express. The inhabitants of the county know the value of advertising, as well as the need in prudence of preserving their public records and are wise enough to build a fine courthouse.

THE SUPPLY AND THE DEMAND

This country is shipping sixty million dollars worth of food products monthly to Europe. Here we have the reason, or cause for the universally complained of high cost of living. In itself sixty million dollars of food is not even a great deal for productive and plentiful America, being only about fifty cents worth for each head of population, but it is the difference that moves the pendulum near towards demand and distant from supply. Europe buys of us always great quantities of wheat and meat. Now she is buying more together with stores of potatoes and beans. These are the principal articles of food production. The wheat and potato yields were short last year. This fact coupled with excess exportations lessens the home supply and consequently prices rise on a not fully supplied world's market. It is altogether uncertain whether prices will ascend or decline in the near future, or remain practically stationary for sometime. If the war continues indefinitely there is little to be expected in the way of a decline. For the basis of the food supply is wheat and all other products act and react to a considerable degree with it. The yield in Argentina for the past year, which is now being marketed, is said to be light and the American crop, next to be harvested, is not bountifully promising. These conditions in the two principal wheat producing countries are sufficient in themselves to maintain prices about their present level, even with peace declared, but with the war over and America giving up a record breaking crop, for mind the area in wheat is larger this year than ever, the market would instantly go a tumbling and all other products would be equally affected.

Score one for Old High Price. Owing to the prohibitive price of cotton we fail to chronicle a single Santa Claus fatality for the past Christmas.

It is said by a Colorado farmer that under the influence of music cows will give up more milk. May be this is another invention of the canned music manufacturers.

After all the Greek money is fortunate in not knowing whom to fight. That spares them from the fate of the Rumanians who didn't know any more than they did and weren't wise enough to understand that when in doubt best not to fight at all.

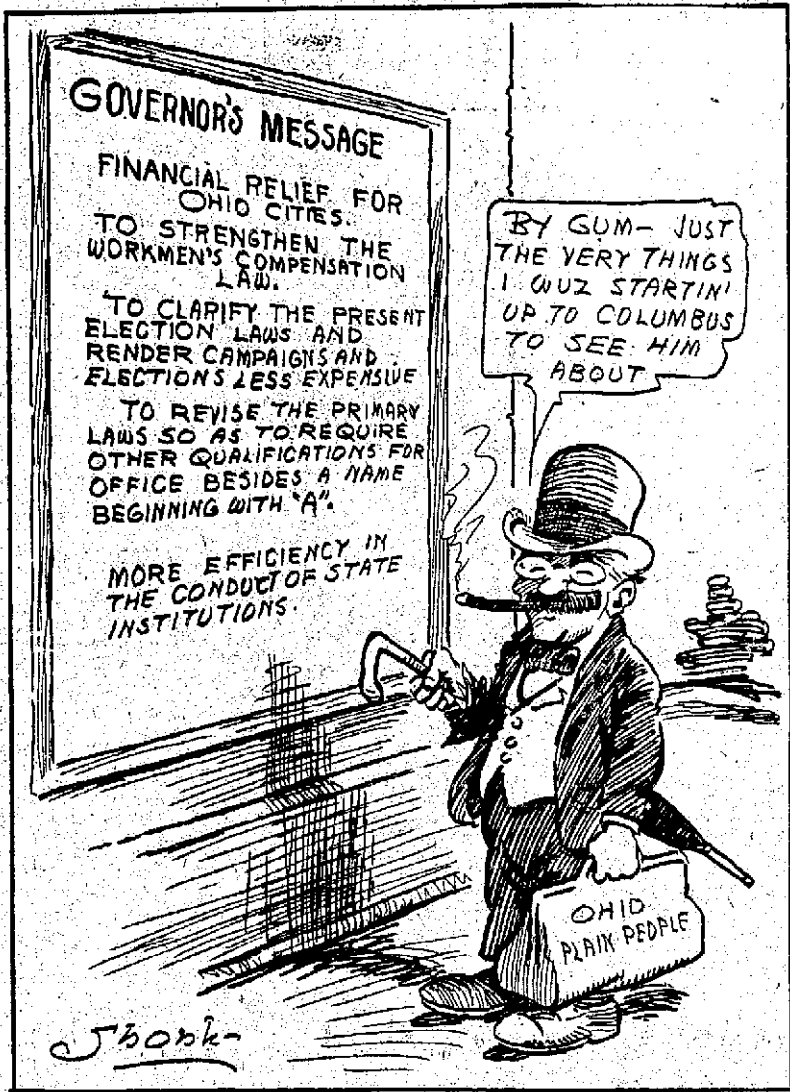

Even the weather man has gone Democratic and he furnished a beautiful and bright day for inaugural ceremonies at Columbus. It was just right for marching and was not disagreeable to the spectators. One could believe the latter statement anyway from the fact that the state capital held a big, jostling, jolly crowd of sight-seers, over a 100,000 strong and the biggest it ever saw. It was shoulder and shove all through the light of day and far in the evening from the station to the Southern hotel, if one would travel afoot.

From Governor Cox's inaugural address we are confirmed in the impression that we are to have a period of legislative rest, that is the effort to make people happy, healthy and prosperous by statute is going to know success.

Just between us The Times is having to do some hustling to keep a little jag of paper on hand. Two ear loads on the way and no railroad man knows where they are. One been "lost" for weeks. And, mercy, we cry, the cost of those little jags!

There will be no recount on the gubernatorial vote. Of course not. There never was a likelihood of one. Talk that there would be was but the prattle of political infants, who were trying to distract attention from their blunders of adolescence and so let themselves down easy.

ANTICIPATED

JUSTIFYING ITS EXISTENCE

The National Board of Moving Picture Censors has resolved that it will hereafter pass no more white slave films or films which deal in a sensational manner with sex and social problems.

This body is a purely voluntary association, it has no legal existence, as such, and no authority to enforce its verdicts, or judgments. Its opinions are therefore of all the more worthy of approval and, he it said to the credit of the big movie producers, that they accept the judgment of the censors as final. They are not to be charged with the gross and vile productions that got by the state boards and are doing so much to bring the movies to that scandalous esteem that once attached to the stage. Perhaps, no other censor board is so lax in disapproval of these alleged problem pictures as the Ohio censors; and the worst of it is thereby giving official approval to the degrading both of the reputation of a state and the public morals. It would be much better if the state censors were abolished altogether and the statute creating them were so amended as to make the production in the state of any play or picture, not approved by the national board, a criminal offense.

As we read it from the wire Tom Lawson knows who it was, but won't tell. That is Tom says so, but either he doesn't know or he should be made to tell. The mouth of a clam can be opened and it is necessary, even if it does mean death to the clam.

It is glory hallelujah for the dyes. The United States courts have decided one state has the constitutional right to prohibit things from another commonwealth being imported, or brought into it.

As a preliminary the public comfort station suggestion will lead to a councilmanic jaunt, it is to be supposed.

New 1917 is whirling by with some velocity. Almost one-third of the first month already gone.

Congress is going to spend another little matter of three hundred thousand dollars to distribute seeds that don't grow, even into votes. It is hard to break a new dog of old tricks.

For two full days it has been our ex-good, no we can never start that right, our good, young ex-governor no more forever.

If Governor Cox and his administration are as good to Scioto county as in his first term, that ought to mean something, a good deal to Scioto county in the way of brick roads.

With a dozen and more applicants for every office we have a suspicion that the days of a new governor is not as serene as the weather sometimes is.

And as his last official utterance the good young governor declared for prohibition and female suffrage.

Is Removed To Infirmary

Neal Finegan, of Baraboo, Wis., who received serious burns about the body when he made a bed of boards on hot bricks at the Jorhison-Walker brick plant in Sciotoville two weeks ago, and who was in Hempstead hospital, has recovered sufficiently to be removed to the county infirmary.

Mayor Loren Yost, of Sciotoville, sent the young man's father, Thomas Finegan, all particulars of the accident, but has not received any word from him as to what should be done with his son. The village of Sciotoville has no funds to pay for the boy's care-taking at the hospital, so it has decided to move him to the infirmary until some word is received from his parents.

Will Probated

Trenton, O., Jan. 10.—The will of the late Mrs. Anna L. Sullivan was probated Jan. 7. Attorney Tom Jenkins is the executor.

Mrs. Sullivan leaves an equal division of all real estate and personal belongings to her three living children: Mrs. J. H. Moriarity, of Ashland, Ky.; Mrs. Anna L. York, Portsmouth, O.; Dr. Sullivan, of Trenton, O.

Mrs. Sullivan will be remembered among the older people of Portsmouth, as she formerly lived in that city.

NEW-YORK-DAY-BY-DAY

O. O. MCINTYRE.

Now York, Jan. 10.—A fidgety old man.
Who sat next to me.
In a movie show.
Suddenly exclaimed:
"By George, I'm deaf."
"I can't hear what it is."
"Them folks are talkin' about."
And I laughed out loud.
And then a film.
With pretty Alice Brady.
Who is my favorite star.
Of the cinema world.
Made me weep.
And having run.
The scale of emotions.
In a single hour.
I went outside.
And stood on the curb.
And a cop came along.
And looked at me.
And thought I was an actor.
For he nudged my arm.
And said: "Exit laughingly."
So I took his number.
And showed some temperament.
And then reflected.
That I never heard of anyone.
Getting temperamental.
With a policeman.
So I walked away.
Leaving him flat.
And boarded a car.
For where I live.
And wished I was home.
Where the police force.
Is a gentleman.
I've known him all my life.
And he's a good old scout.
Though his legs are warped.

And he chews fine ent.
Just then the conductor.
Came along again.
To collect my fare.
And I had paid him once.
But paid him again.
And took his number.
And he bawled me out.
And got excited.
He gave me too much change.
And I got off the car.
And tripped over a dog.
And got bawled out again.
And yet tomorrow night.
I have to sit in the front row.
At a Peace Meeting.
And cheer for peace.

Leak-Hunting
I met a thin and haggard one.
A morning of this week;
The ramrod of an ancient gun
Describes his shape unique.
I said, "O gent!
What is your stent?
What burden makes you thin
and bent?"
At which he wailed, "Alas! my
son,
I'm trying to find a leak!"

"I did not find it when I sailed
Afar up Saline Creek;
My ramrod similarly failed
In distant Mozambique.
No leak could I
At all desery
In Alabama (which is dry).
Oh, every offered clue I trailed,
And yet I found no leak!"

So, haggard, trembling, worn and
wan—
Tears trickling down his beak—
He went again his quest upon.
That hidden thing to seek.
In '52
A people new
May still the haunting figure
view
Of him who tries, till life is gone,
To find that little leak!"

How To Get Rid of Cockroaches
The scientist had given a very
scientific lecture, and at the end
he said, beaming down on his au-
dience condescendingly:
"Now, if there is any scientific
question that any of my friends
would like to ask, I beg them not
to hesitate. I shall be only too
happy to answer any inquiry in
my power."
An old lady in spectacles that
gave her a severe, stern look, rose
and said:
"Why do wet tea leaves kill
cockroaches?"
The scientist did not know wet
tea leaves did anything of the
kind, much less the cause of the
phenomenon; but, never at a loss,
he replied:
"Because, madam, when a cock-
roach comes across a wet tea leaf,
he says: 'Hollo, here's a blanket,'
and wraps himself in it, catches
cold and dies."—Tit-Bits.

Freight Car Is Entered And Shoes Stolen; Arrests Made

Having just recently released on bond from the county jail, where they were confined upon charges of being implicated in the theft of shoes from the Norfolk and Western railroad, two men giving the names of John Selt and Taylor Ferguson, were again arrested Tuesday evening on a charge of breaking into an N. & W. freight car and stealing several pairs of shoes. Homer Hammock, brother of John Hammock, one of the boys arrested in connection with the hide case, is also being held by the police.

The police say that an N. & W. freight car was broken into on Jan. 4. Twelve pairs of Excelsior shoes were taken. These shoes bore the label of a firm which the local company had consigned them to, in silver letters on the lining of the uppers.

One pair of those taken has been recovered, the police say.

They were sold to Charles Puckett, who is employed by George L. Gulkex, the police say, by John Selt.

BANKS NAME DIRECTORS FOUND DEAD

COUNTY NEWS H. S. Debate Tonight

Mr. and Mrs. Charles Kuhn of Friendship have returned home from their honeymoon. They were married a week ago and on their trip visited in Norfolk, Va., and Roanoke, Va. They will make their home with the bride's parents Mr. and Mrs. George Cannaday.

Mrs. I. J. Emory, of South Webster, who has been seriously ill for several weeks, remains about the same.

Mrs. Sophia Yelcy, of Waits Station, spent Tuesday with relatives and friends in Sciotoville.

Revival meetings began Sunday evening at the Lucasville M. E. church with Rev. G. W. Howes in charge. Much interest is being taken in the meetings and large crowds are attending.

Miss Lucy Reinhold, of Long Run, was a business visitor to Portsmouth, Tuesday.

Miss Pearl Bricker, of Lucasville, who has been suffering with throat trouble for several weeks, is improving slowly.

At a recent meeting of the Harrisonville Telephone company officers for 1917 were elected as follows: President, Henry Kinkor; secretary, William Bennett and treasurer, George Allen.

Wesley Shella, of Dogwood Ridge, was a business visitor to Portsmouth Tuesday.

Had To Amputate Boy Victim's Leg

So badly was the flesh torn from the bones of the left limb of Jesse Briggs, 11-year-old son of Elza Briggs, of Rhodes avenue, New Boston, Tuesday afternoon, when he attempted to board an N. & W. freight train and was caught under the wheels near the steel plant, New Boston, that it was found necessary to amputate the leg above the knee.

The flesh of the leg was caught between the rail and flange of the wheel and ground off. The plucky lad is holding his own and Wednesday morning was reported in good shape, having spent a very good night.

The lad's father, who is working at New Thacker, W. Va., was notified of the accident Tuesday night.

John Peebles Heads Scottish Rite Club

John Peebles, one of the best known Masons in Southern Ohio, was recently selected as president of the Portsmouth Scottish Rite Club at the annual meeting held Tuesday evening at the Masonic Temple.

W. Bragdon was elected vice-president and William F. Zottmann, secretary.

The executive committee, whose duties are similar to that of a direct orate, comprises: L. W. Bragdon, Harry Engle and Albert Zoellner.

The local club will take a large class of candidates on the annual pilgrimage to Cincinnati in February, where they will have charge of the conferring of the 25th degree upon more than one hundred candidates.

Y. W. C. A. CAMPAIGNING FOR MORE MEMBERS; 50 GIRLS NOW OCCUPY BUILDING; MANY ON WAITING LIST

What organization in Portsmouth wants new members more than any other organization? The Y. W. C. A.

What organization can offer its members more chances for self-culture and helpfulness to others than any other organization? The Y. W. C. A.

These are the opinions of its president, Mrs. Henry W. Heer, 1405 Officers street, and of its acting general secretary, Miss Elizabeth Farmer.

Mrs. Lewis N. Lowry, 1315 Third street, is chairman of the Y. W. C. A. committee on membership, numbering 20. These members are conducting a campaign of personal work for new members and have working with them representatives of many churches.

Miss Farmer says the membership is growing but should be much larger in proportion to the population.

Portsmouth's Y. W. C. A. has featured its boarding house, which is now occupied by 50 girls, its capacity number. There is always a waiting list of girls desiring admission to the home. Industrial work, physical education and the opening of the dining room to the public at the noon hour are other activities taken up by the association. The menu for the fifteen cent lunch served each noon from 11 to 12:30 is printed elsewhere in this edition. As many as 100 have been served during one lunch hour, and club luncheons are welcomed, according to Miss Farmer, who believes this department to be a profitable one for the association.

Noon meetings, held each week at factories in and near Portsmouth, are in charge of Miss Edna M. Streich, 623 Sixth street, chairman of the industrial committee. The noon meeting is a social half hour, and singers or readers entertain the girls. Once every three weeks, suppers are given at the factories, which may be attended by any employee, regardless of membership in the Y. W. C. A. The cost is fifteen cents, and the meal is cooked and served at the factory by members of Y. W. committees.

The factories give their girls time from their next day's work to wash the dishes which are also furnished by the factories. Co-operating with the Y. W. in promoting its industrial work are the Irving Drew Company, The Mitchell-Manufacturing Company, The Selby Shoe Company, and The Excelsior Shoe Company.

Moose Planning To Go To Convention

The annual convention of the Moose order will be held in Pittsburgh, Pa., July 22-27. Peerless Lodge of this city, last night appointed a committee to be known as the Pittsburgh Convention Boosters and expect to take a marching delegation to the convention. This committee includes H. C. Huddleston, Louis Levi, J. Hatfield and W. H. Zimmerman. They plan to have a uniformed marching club of 50 members. Gymnasium apparatus has been shipped and will be placed in operation in a short time. Invitations will be issued this week for members and friends to a big social time and dance. Journey's Trio will furnish the music. A committee of three will arrange the program for the celebration of the fourth anniversary of the lodge on February 19. The Whitaker-Glessner Club is now using the easy Moose quarters on Thursdays from 1:00 to 11:00 p. m. and will probably use it two days a week in the near future.

One candidate, Lee Patton, was initiated last night. A district director from the supreme office will arrive in the next ten days and will be on the job until the membership is doubled.

Going To New York

Ironton, Jan. 10.—F. C. Tondinson, former head of the Second National Bank, has accepted the cashiership of large New York City Bank, in which Emerson McMillen, former Ironton man, now multi-millionaire

Will Toothache Give Anyone A Black Eye? Mayor Had To Decide

"Who hit you in the eye?" questioned Mayor H. H. Kaps, in police court Wednesday morning, when a woman registered under the name of Lola Dehart, pleaded not guilty to a charge of fighting with a young man giving the name of Roy Sissle.

"Well, sir! You see, Mayor," explained the prisoner, placing her left hand over her badly swollen and bruised eye, "I have had the toothache for three weeks."

The man and the woman were arrested in the North End Tuesday evening. They were each fined \$25 and ordered committed to the county jail until the fine is paid.

Here is a new one in police circles. A man registering as W. C. Lipker, who has been in police custody several times lately, called the Night Sergeant Tuesday evening and told him that his name was Lipker and that he would have to be arrested.

At the time of the call, Lipker was at the home of Mrs. Maggie Voeger, 3927 Gallia street.

Lipker denied that he called the police Wednesday, and said that he would remain away from Mrs. Voeger's home "for life," should he be released. Mrs. Voeger said that she operated a boarding house and that Lipker at one time stayed there. Tuesday evening he entered the house without warning and locked all of the doors and swore at everyone there.

For disorderly conduct on a street, a man registered on police books as Ferguson Logan, and claiming New Boston as his home, was arraigned and pleaded guilty to being intoxicated. He was fined \$25.

Mayor Kaps said that disorderly conduct on street cars in the city would not be countenanced.

SUFFRAGISTS PICKET THE WHITE HOUSE

Washington, D. C., Jan. 10.—Carrying their fight for suffrage to the gates of the White House, twelve Congressional Union women pickets, took their positions at the east and west entrances to the mansion grounds at 10 o'clock. Immediately upon the arrival of the "silent sentinels" the following, giving their names as "Laughing Jim" Trieu, C. M. Elliott and George Ward, were fined \$3 each on charges of drunkenness.

Claiming to be Everett Sperry and the owner of a blacksmith shop near Ripley, a man was arraigned on a charge of drunkenness and disorderly conduct. Sperry pleaded guilty to being intoxicated and was fined \$10.

STEELWORKER BADLY BURNED

George Mitchell, aged 42, of Bertha, West Side, employed as a rougher in the Whitaker-Glessner plant, received serious burns on his abdomen, chest, arms, neck and face Tuesday afternoon, when his clothes caught fire while he was working. His right eye is also slightly burned, but it is not thought the sight will be injured.

Mitchell, who is a rougher on the three-hill jobbing mill, was putting a slab of hot steel through the rolls when the small scales released from the steel set his clothes on fire.

Fellow employees rushed to his aid and tore part of his clothes from him and smothered the fire. Mitchell was taken to the emergency hospital in the steel plant, where he was given first aid. John's ambulance was later called and he was removed to Hempstead hospital, where Dr. W. D. Schaefer dressed his burns. His left side and arm are seriously burned and his right arm slightly burned.

Wednesday morning Mr. Mitchell was reported resting easily.

Has Saved 410 Lives

Richard Cox, who is here with his wife visiting his brother, R. E. Cox, of 1641 Fourth street has quite a record as a life saver. Mr. Cox has a boat house on the Hudson river, New York City, and has a record of saving 410 lives.

He was born in New York City and has spent all his life on the river. Mrs. Cox is also a swimmer of note.

Mr. Cox is the only man in the United States that has a gold medal from the government of Brazil, South America, for saving the life of a Brazilian sailor, who came near drowning in the Hudson river. With the medal Mr. Cox can go to Brazil and while looking for work there the government will pay him \$5 per day. Mr. and Mrs. Cox will return home next week.

Excelsior Elects Officers For 1917

At a meeting of the stockholders of the Excelsior Shoe Company, Tuesday, D. C. Davies, of Ironton, was elected president; John E. Williams, vice-president and general manager; W. G. Williams, treasurer; J. W. Bennon, secretary. These officers, with Simon Labold, T. J. Dupuy and C. E. Riskey, form the board of directors. The company had a very good year.

TO RE-ELECT MURDER OF PRETTY MODEL

Philadelphia, Pa., Jan. 10.—The brutal murder of Mazie Colbert, pretty stocking and corset model, will be re-enacted in the very apartment in which her battered body was found twelve days ago, it was announced today.

John Colbert, brother of the slain girl, requested that the murder scene be reproduced. "I want to show," Colbert explained, "that the slightest sound in my sister's apartment could have been heard by both the janitor and Marie Collins."

The "performance" will be staged upon the theory that a man, coming from a taxicab entered the apartment. Then, the last night the "girl with form divine" is known to have lived, will be gone over. Furniture and glassware will be hurled about, duplicating as nearly as possible the noise of the model's struggle for life.

Confessions Are Secured In Graft Scandal

Chicago, Jan. 10.—More sensational developments were promised by State's Attorney Hoyne today, in the greatest police graft scandal in the history of Chicago. Hoyne issued a statement saying that he had confessions from "Tom Costello, 'fixer' and go-between, and from Police Lieutenant White. These confessions, Hoyne stated, laid directly up to Chief Healey. Hoyne intimated that they would eventually lead still higher, but refused details.

Costello, a police "fixer" for years, is said to have agreed to tell the whole story of those years. White, assigned to the Lake street station, is said to have related all of his connections with vice and gambling through Costello and his partner, "Mike De Pike" Heitler and W. B. (Billy) Skidmore.

Hoyne, in his formal statement, charged that Costello made weekly visits to Chief Healey at his home and paid over graft money collected from gamblers, resort keepers and other protected ridders of the public.

In spite of the fact that Healey is free on \$25,000 bonds, he still retained his office today. Mayor Thompson stated that his successor would be named Thursday.

Hoyne charged that vice has been

Was A Good Old Year

Here are some of the things 1916 did:

Increased foreign trade of the United States to amazing sum of \$7,947,000,000, a gain of \$2,500,000,000 over 1915. Exports \$5,182,000,000, as large as entire foreign trade in 1915.

With old King Cotton at 20 cents a pound, the south is as prosperous as in ante-bellum days.

It brought the greatest demand for copper ever known. Result, a runaway market. Record production and price. Increase output of pig iron by 34 per cent over 1915 and advanced prices from \$18.50 to \$30 a ton.

Sent the gross business of the railroads above \$3,767,000,000, an increase of half a billion over 1915, while net income for the first time in railway history crossed the billion dollar mark.

Sent wages up 10 per cent on the average and put them at the highest level in the world's history.

Gave Uncle Sam a gold stock nearly double that of his nearest competitor, France. One billion dollars has been added to the gold brick stock of the country since the outbreak of the war.

Increased circulation of money from \$37.19 per capita to \$41.18.
